### REPORT OF INDEPENDENT AUDITORS

To the Honorable President and Members of City Council City of Pawtucket Pawtucket, Rhode Island

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Pawtucket, Rhode Island, as of and for the year ended June 30, 2012, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Pawtucket, Rhode Island's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Pawtucket, Rhode Island, as of June 30, 2012, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated January 31, 2013 on our consideration of the City of Pawtucket, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Providence

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of funding progress and budgetary comparison information on pages 3 through 16 and 65 through 70 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Pawtucket, Rhode Island's financial statements as a whole. The introductory section, combining and individual non-major fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the basic financial statements. The combining and individual non-major fund financial statements, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Brary P.C.

Providence, Rhode Island January 31, 2013

Our discussion and analysis of the City of Pawtucket, Rhode Island's financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2012. This discussion and analysis should be read in conjunction with the City's financial statements that follow this section.

### Financial Highlights

- The City's government-wide net assets decreased by \$5,284,526 as a result of this year's operation. On a government-wide basis the assets of the City of Pawtucket exceeded its liabilities at the close of the most recent fiscal year by \$25,037,495. Net assets of business activities increased by \$2,973,814, or 4.1%, while net assets of Governmental Activities decreased by \$8,258,340 or 19.9%. It should be noted the majority of this decrease is due to the current period increase in the amount of \$6,216,607 of the other post retirement benefits and the increase in the amount of \$2,770,778 in the net pension obligation.
- The City's Government-wide (governmental and business activities) operating expenses were \$260,019,281, a 2.6% decrease from the prior year, while revenues collected were \$254,734,755 a 0.3% increase from the prior year.
- As of the close of the fiscal year, the City's governmental funds reported combined ending fund balances of \$3,792,225.
- At the end of the current fiscal year, the general fund unassigned fund balance was \$1,820,857, or 2.4% of the total general fund expenditures for the fiscal year. The current fiscal year's revenues and transfers exceeded expenditures and transfers by \$2,770,354. On a budgetary basis expenditures and transfers exceeded revenues and transfers by \$1,894,164.

#### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. These basic financial statements consist of three components:

- Government wide financial statements
- Fund financial statements
- Notes to financial statements

In addition to the basic financial statements, this report also contains other supplementary information.

The City's basic financial statements and other supplementary financial information provide information about all of the City's activities. They provide both a short-term and a long-term view of the City's financial health as well as information about activities for which the City acts solely as a trustee for the benefit of those outside of the City's government.

Government-wide financial statements - are designed to provide readers with a broad overview of the City's finances in a manner, which is similar to a private-sector business. They are presented on the accrual basis of accounting where revenues and expenditures are recognized on the date they occurred rather than on the date they were collected or paid.

The Statement of Net Assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information which shows how the City's net assets changed during the fiscal year. All changes in net assets are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods. Examples are uncollected taxes and earned but unused compensated absences.

Both of the government-wide financial statements distinguish functions of the City, which are supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The City's governmental activities include legislative, executive, finance, planning, public safety, public works and education. The City's business activities include wastewater operations.

The government-wide financial statements are reported on pages 17 through 18.

Fund financial statements – A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories-governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains individual governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances for two funds, the General Fund and School Special Revenue Unrestricted Fund, which are considered to be major funds. Data from the other funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The governmental funds financial statements are presented on pages 19 through 20.

The City adopts an annual budget for its General Fund and for its School Special Revenue Unrestricted Fund. Budgetary comparison statements have been provided for these funds to demonstrate compliance with this budget.

**Proprietary Funds** - The City's proprietary funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City has three enterprise funds. The Pawtucket Water Supply Board, accounts for the City's water system and 175 Main Street, which is an office building. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses an internal service fund to account for health & dental benefits. Because these services predominately benefit governmental rather than business type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Pawtucket Water Supply Board since it is considered to be a major fund of the City. The internal service fund financial statement provides information for health & dental plan benefits.

The basic proprietary fund financial statements are presented on pages 23 through 26.

**Fiduciary Funds** - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The fiduciary fund financial statements can be found on pages 27 and 28.

**Notes to Financial Statements** - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are presented on pages 29 through 64.

Other Information - In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information pertinent to the City's operations. Required Supplementary information is presented on pages 65 through 71.

The combining statements referred to earlier in connection with non-major governmental funds, are presented on pages 72 through 141.

The Agency funds are presented on page 142.

### Government-wide Financial Analysis

### Analysis of the City of Pawtucket's Net Assets

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position and an important determinant of its ability to finance services in the future. The City of Pawtucket, governmental activities liabilities exceeded assets by \$49,699,956 as of June 30, 2012. This is an increase of \$8,258,340 from the previous year.

Listed below is a comparison of the current and prior fiscal years.

#### City of Pawtucket Statement of Net Assets

		June 30, 2012		June .	30, 2011 - As Re	stated
	Governmental Activities	Business-type Activities	Total	Governmental Activities	Business-type Activities	Total
Current and Other Assets	\$ 39,377,812	\$ 38,397,246	\$ 77,775,058	\$ 47,152,205	\$ 34,439,636	\$ 81,591,841
Capital assets (net)	144,495,814	146,065,979	290,561,793	147,603,983	142,316,911	289,920,894
Total Assets	183,873,626	184,463,225	368,336,851	194,756,188	176,756,547	371,512,735
Current and Other Liabilities	34,919,209	7,145,370	42,064,579	42,658,312	8,759,427	51,417,739
Long-Term Liabilities	198,654,373	102,580,404	301,234,777	193,539,492	96,233,483	289,772,975
Total Liabilities	233,573,582	109,725,774	343,299,356	236,197,804	104,992,910	341,190,714
Net Assets:						
Invested in Capital, Net of Related Debt	106,031,591	48,973,011	155,004,602	106,196,661	47,180,478	153,377,139
Restricted		24,013,169	24,013,169		21,293,047	21,293,047
Unrestricted	(155,731,547)	1,751,271	(153,980,276)	(147,638,277)	3,290,112	(144,348,165)
Total Net Assets	\$ (49,699,956)	\$ 74,737,451	\$ 25,037,495	\$ (41,441,616)	\$ 71,763,637	\$ 30,322,021

The largest portion of the City's net assets, \$155,004,602 consists of its investments in capital assets such as land, buildings and improvements, motor vehicles, furniture and equipment and infrastructure, less any debt used to acquire these assets, which is still outstanding. The City uses these capital assets to provide services to its citizens. Consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves are unlikely to be used to liquidate these liabilities. An additional portion of the City's net assets, \$24,013,169 represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net assets may be used to meet the government's ongoing obligations to its citizens and creditors. As of June 30, 2012 the City of Pawtucket reports positive balances in two of three categories of net assets for the government as a whole.

### Analysis of the City of Pawtucket's Operations

The following analysis provides a summary of the City's operations for the year ended June 30, 2012. The City first implemented GASB Statement 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments for the fiscal year June 30, 2002. Therefore, comparative data is now available and is presented in the following schedules. Governmental activities decreased the City's net assets by \$8,258,340 for the current period, a 20% decrease in the City's governmental net assets, while business-type activities increased the City's net assets by \$2,973,814 for the current period, a 4% increase in the business-type growth in net assets. Overall the City's net assets decreased \$5,284,526 which is a 17% decrease over the prior year.

Amounts reported for governmental activities in the statement of activities are different from the amounts reported as fund expenditures. See page 22 for the Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities for a detailed explanation of these differences.

The following schedule presents the Changes in Net Assets for the current and prior years' activity.

### City of Pawtucket Changes in Net Assets

		June 30, 2012		June 30, 2011 - As Restated

### Financial Analysis of the City of Pawtucket's Funds

**Governmental Funds** - The focus of the City of Pawtucket's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, the unreserved fund balance may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City's governmental funds reported combined ending fund balance of \$3,792,225. Of this amount, (\$5,504,302) constitutes net unassigned fund balance (deficit). The remainder of the fund balance is classified as follows:

\$ 1,008,229
25,205
\$ 1,033,434
\$ 1,658,108
1,260,483
266,803
578,958
\$ 3,764,352
\$ 396,645
700,000
150,000
287,001
1,822,353
1,117,527

**Proprietary Funds -** The City of Pawtucket's proprietary fund statements provide the same type of information as presented in the government-wide financial statements, but in more detail.

Unrestricted net assets of the respective proprietary funds are \$1,751,271.

### General Fund Budgeting Highlights for the Fiscal Year Ending June 30, 2012

### REVENUE:

Real Estate, Tangible and Auto Taxes - exceeded the budget by \$135,785 due to prior year taxes coming in higher than budgeted. Real Estate tax was over budget by \$168,271 of the variance. Motor Vehicle tax was under budget by \$40,817. Tangible tax was over budget by \$8,331. In prior year comparison, we were over last year by \$4,006,284 due to a drop in the Motor Vehicle exemption from \$3,400 to \$500.

<u>Current Other Revenues</u> - were under budget by \$26,671 and over last year by \$35,556 primarily due to realty transfer taxes as the realty market declined with less activity during decreased market values and escalating foreclosures as a result of finance company demands on adjustable rate mortgages.

<u>License and Permit Revenue</u> - was under budget by \$24,172 and over last year by \$81,514. The variance for this year is mainly the result of a new inspection fee for the Fire Department that was not put into place at the beginning of the fiscal year. We were over last year mainly due to an increase in building permits.

Intergovernmental Revenue — exceeded the budget by \$132,690 and over last year by \$328,212. The variance for this year was mainly due to an increase in our public service corporation tax and reimbursement of school construction aid. The variance for last year is due to the revaluation that occurred in FY12 which resulted in a reimbursement from the State of \$230,163 which we did not have the year before.

<u>Charges for Services</u> - were under budget by \$24,641 and over last year by \$567,175. This year's variance was a combination of less real estate recording fees, lower rescue fees collected, bulky waste fees not coming to fruition, and alarm box fees for the Fire Department not being sent out on time for the first year. The variance for last year is due mainly because of higher rescue fees as we have hired a new company that is more aggressive in the collection of fees. We also implemented alarm box fees for the Fire Department for the first time in FY12.

Fines and Forfeitures - were under budget by \$56,802 and under last year by \$88,163. The variance for this year was mainly due to lower zoning fines, municipal PTE, and court cases. The variance for last year was mainly due to less tickets being paid for snow towing due to no snow in FY12. Also zoning fines were lower than what we collected last year and we also switched our street sweeping program to once a month versus each week.

<u>Interest Revenue</u> – exceeded the budget by \$314,408 and over last year by \$160,076. We saw an increase in interest charged for late payment of taxes.

Other Financing Sources – exceeded the budget by \$68,096 and under last year by \$2,908,666. The variance for last year is a result of a one-time scoop of special revenue funds that were used to offset the expected deficit. The variance for this year was mainly due to the Mayor increasing the Fire Department co pay to 25% and a transfer from our medical fund.

<u>Total Revenue</u> – exceeded the budget by \$518,693 mainly due to interest as explained above. We are over last year due to the drop in motor vehicle exemption as explained above.

### **EXPENSES:**

<u>Legislative</u> - The Legislative Department was under budget by \$154,929 and under last year \$414,971.

<u>Library Division</u> – was under budget by \$85,689 and under last year \$258,464. The variances are mostly due to a drop of 5 personnel in the current year.

There were no material variances in the City Council, City Clerk's, Probate Court, and Board of Canvassers Divisions.

<u>Executive</u> – The Executive Department was under budget by \$50,786 and under last year \$115,547. There were no significant variance in the Executive Department, which includes the Mayor's Office, Law, and Municipal Court Divisions.

Finance - The Finance Department was under budget by \$50,880 and under last year \$49,060.

<u>Tax Assessors Division</u> - was under budget by \$85,995 and over last year \$223,570. The variance this year is mostly due to retirements and a lag in hiring. The variance for last year is due to a mandated revaluation that took place during FY12.

<u>Tax Collections Division</u> – exceeded the budget by \$29,934 and under last year \$61,783. The variance for last year is due to a drop in personnel in the current year.

There were no other material variances in the Finance, Accounting, Information Technology, Personnel, Purchasing or Payroll Divisions.

<u>Planning</u> - The Planning Department exceeded the budget by \$47,328 and under last year \$40,956. There were no significant variances in the Zoning & Code Enforcement and Development Divisions.

<u>Planning Division</u> – exceeded the budget by \$37,154 and under last year by \$78,422 because of no reimbursement from CDBG.

<u>Public Safety</u> - The Public Safety Department consists of the Police Department, Fire Department, and the Civil Defense Department.

Police - The Police Department was under budget by \$842,548 and under last year \$103,954.

<u>Uniform Police Division</u> - was under budget by \$614,423 and over last year \$7,926. This year uniform salaries were under budget \$424,265 mainly due to lag time in replacement of retirees and terminations. Restoration was also under budget \$149,217 due to timing. In current year the medical costs for our injured on duty police officers was over budget by \$141,995. The difference between this year and last year is due to an increased contribution of \$296,500 to the pension plan which brings us to our annual required contribution.

<u>Civilian Police Division</u> - was under budget by \$179,116 and under last year \$75,063. The variances were mostly due to lag time in replacement of retirees and terminations.

<u>Animal Control Division</u> – was under budget by \$49,009 and under last year \$49,488. This was mostly due to a decrease in heating due to an adjustment to the radiant heating system and a warmer winter.

Fire -The Fire Department was under budget by \$299,672 and under last year \$115,320.

<u>Uniform Fire Division</u> – exceeded the budget by \$6,382 and over last year \$64,730. Uniform salaries were under last year \$202,822 mainly due to a drop in personnel. The difference between last year and this year is due to an increased contribution of \$296,500 to the pension plan which brings us to our annual required contribution. Also our overtime was over \$372,764 this year and over \$235,032 from last year. This year also saw a savings of \$248,943 in hydrant rental fees as we no longer have to pay them. Also, this year, we had a savings in Holiday Pay not paid of \$219,510 and yet the Uniform Fire is still over budget by \$11,466.

<u>Civilian Fire Division</u> – was under budget by \$285,210 and under last year \$42,107. This was mostly due to budgeting 16 part time positions for dispatchers which did not come to fruition this year.

<u>Fire Prevention Division</u> – was under budget by \$20,844 and under last year \$137,943. The variance was due to a reduction in personnel.

<u>CIVIL DEFENSE</u> – The Civil Defense Department was under budget by \$37,676 and under last year \$6,451. There were no material variances.

<u>Public Works</u> - The Public Works Department was under budget by \$1,426,939 and under last year \$1,514,913.

<u>Public Works Director Division</u> – was under budget by \$33,330 and under last year \$105,770. The variance is mainly due to a reduction in personnel.

**Equipment Maintenance Division** – was under budget by \$73,426 and under last year \$73,842. The variance is mainly due to a reduction in personnel.

<u>Public Building Maintenance Division</u> — was under budget by \$162,412 and under last year \$25,584. The variance is mostly due to the addition of a building improvements line in FY2012 of \$150,000 which was under budget \$75,745 and over last year \$74,255.

<u>City Hall Maintenance Division</u> — was under budget by \$32,232 and under last year \$150,753. The variance is mainly due to a reduction in personnel.

<u>Sewer Maintenance Division</u> – was under budget by \$104,511 and under last year \$81,807. The variance is mainly due to a reduction in personnel and a result of employees on leave without pay.

Refuse Collection Division – exceeded the budget by \$166,504 and over last year \$2,805. The largest variance was within salaries and temporary agency costs which combined to be over budget in the amount of \$122,632.

<u>Transfer Station Division</u> – was under budget by \$232,929 and under last year \$145,356. The largest under budget amounts were tipping fees \$168,351. We leased out our Transfer Station starting in May of FY2012 which resulted in some of the savings.

<u>Streets and Bridges Division</u> – was under budget by \$134,895 and under last year \$81,438. The variance is mainly due to a reduction in personnel and a result of employees on leave without pay.

<u>Street Cleaning and Snow Removal Division</u> – was under budget by \$507,970 and under last year \$590,366. The largest contributing expenses were snow storm salaries under budget \$116,749, outside vendors under budget \$196,727, and sand/salt supplies under budget \$110,357 due to a very mild winter with less snow storms this year than last year.

<u>Parks Division</u> – was under budget by \$125,168 and under last year \$125,201. Major variances were salaries under budget \$60,892 due to retirements and a lag in hiring.

There were no other material variances in the Engineering, Recycling, Traffic, Recreation and Daggett Farm Divisions.

<u>Fixed Charges (Non-Departmental Costs)</u> – The Fixed Charges Section exceeded the budget by \$1,431,331 and under last year by \$1,233,579.

<u>Debt Service</u> – exceeded the budget by \$26,248 and under last year \$353,241. The main reason for the difference from last year to this year is because the bond interest and principal payments were lower in FY2011 due to a refunding in the prior year. We also did not add any new leases in FY2012 and finished paying off another one.

Operating Insurance – was under budget by \$37,859 and under last year \$108,615. This year's variance is due to lower claims as we finished paying a lawsuit that we have had for the past 10 years.

Interdepartmental Contributions – were under budget by \$273,741 and over last year \$719,345. The main reason for the variance from last year are due to one of our school deficit correction plans ending so there was an increase in our maintenance of effort. The City and School adopted a new FY2010 deficit reduction plan in FY2012.

Other Employee Benefits – was under budget by \$176,802 and over last year \$310,471. The major variance was the workers compensation expense being under \$101,406. We also increased our budget for our retiree health care in FY12 by \$250,000, which is the major factor in the overage of last year of \$310,471.

Fixed Charges - exceeded the budget by \$1,893,485 and over last year \$665,619. Lag in hiring was budgeted at \$1,425,527 as a credit due to the fact that we didn't know how much would be in each department. The actual credit shows up in the various departments listed above. Accrued hours payoff was over budget \$432,260 as a result of more retirements in the current year. Also, street lighting was under budget \$146,372 and under last year \$163,483 due to a change in bulbs.

<u>Total Expenses</u> – were under budget by \$1,375,471 and under last year \$1,127,593. This year's variance is due to many retirements, a lag in hiring, a mild winter, and the non- payment of Fire Holiday pay along with overtime savings in the Fire Department by dropping minimum manning from 31 to 28 fire fighters.

### The City of Pawtucket's Capital Assets

The City of Pawtucket's investment in capital assets for its governmental and business-type activities amounts to \$290,561,793 net of accumulated depreciation at June 30, 2012. Included are land, building and improvements, construction in progress, motor vehicles, furniture and equipment and infrastructure.

Additional information on the City of Pawtucket's capital assets is located in note 4 to the financial statements and can be found on page 40.

Additional information on the City's long-term debt can be found in note 7 of the Notes to the Financial Statements and on pages 44 and 45.

The City maintains an "Baa2" rating from Moody's for general obligation debt. The State of Rhode Island imposes a limit of 3 percent of the fair value of all taxable City property on the general obligation debt that a municipality can issue. The City of Pawtucket's limit is \$130,120,430 at year-end. The City's outstanding general obligation debt is \$38,335,014 at year-end, which is \$91,785,416 under the State imposed limitation.

### Economic Factors and Next Year's Budgets and Rates

The City of Pawtucket's total general fund budget for fiscal year 2013 amounts to \$208,097,463, which reflects an increase of \$9,841,866, or 4.96% more than the fiscal 2012 budget of \$198,255,597. Of the City's 2013 budget \$98,793,800 or 47.4%, is budgeted for educational purposes and \$109,303,663 or 52.6% is budgeted for other purposes.

The City's tax rate for fiscal year 2013 is \$30.88 per thousand for commercial real property, \$23.06 per thousand for residential real property, \$53.30 per thousand for motor vehicles and \$52.09 per thousand for tangible personal property. Taxes for retail/wholesale inventory have been completely phased out.

### Request for Information

The financial report is designed to provide our citizens, taxpayers and creditors with a general overview of the City's finances and to show the City's accountability for the tax dollars received. Questions concerning this report, or requests for additional information, should be directed to Ms. Joanna L'Heureux, Finance Director, Pawtucket City Hall, 137 Roosevelt Avenue, Pawtucket, RI 02860, Telephone (401)728-0500.

Joanna L'Heureux Finance Director

## Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds (B-2) to the Statement of Activities (A-2) For the year ended June 30, 2012

Net change in fund balances - total governmental funds (B-2)	\$ (635,826)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their	
estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	(3,108,169)
Deferred charges, bond premium, cost of issuance and change in accrued interest	(27,427)
Decrease (increase) in liability for compensated absences	(32,395)
Deferred revenues (net of an allowance for uncollectible) are recorded in the funds, but are not deferred under the measurement focus employed in the Statement of Net Assets.	149,237
Principal payments made on long-term debt	4,275,373
Accrual for OPEB liabilities (net)	(6,108,355)
Accrual for net pension liability	(2,770,778)
Change in net assets of Governmental Activities (A-2)	\$ (8,258,340)

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Pawtucket, Rhode Island, have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The government's significant accounting policies are described below.

### Reporting Entity

The City of Pawtucket is a municipal corporation governed by a Council/Mayor form of government with a nine member City Council headed by a Council President. In some matters, including the issuance of short and long-term debt, the general laws of the State of Rhode Island govern the City. The City provides the following services: Public Safety (police, fire, traffic safety, inspections, zoning and building), Public Works (sanitation, highways and streets, engineering and building maintenance), Parks and Recreation, Education, Social Services, and General Administrative Services.

The City complies with generally accepted accounting principles (GAAP). Generally accepted accounting principles (GAAP) include all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the government-wide Statement of Net Assets and Statement of Activities, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. Enterprise funds also apply the same principles. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

In evaluating how to define the government for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB Statement No. 39. Under GASB Statement No. 39, the financial reporting entity includes both the primary government and all of its component units. Component units are legally separate entities that meet any one of the following three tests:

Test 1 - The primary government appoints the voting majority of the board of the potential component unit and

- \* Is able to impose its will on the potential component unit and/or
- Is in a relationship of financial benefit or burden with the potential component unit;

Test 2 - The potential component unit is fiscally dependent upon the primary government; or

<u>Test 3</u> - The financial statements would be misleading if data from the potential component unit were not included.

The following entities were considered for classification as component units for fiscal year 2012:

- Pawtucket School System
- Pawtucket's Business Development Corporation

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

# SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Although the Pawtucket School Systems meets certain criteria of the tests listed above, it is not deemed to have separate legal statues apart from the City. As a result, the financial data of these entities have been included as Special Revenue Funds within the City's financial statements.

The Pawtucket Business Development Corporation is a nonprofit corporation whose purpose is to promote the growth of business and industry in Pawtucket through loans to local businesses. It is discretely presented as a component unit. Complete financial statements for the Pawtucket's Business Development Corporation may be obtained at their administrative office at 175 Main Street, Pawtucket, RI 02860.

Recently Issued Accounting Standards

The City has implemented the following new accounting pronouncements:

✓ GASB Statement No. 64 – Derivative Instruments: Application of Hedge Accounting Termination Provisions – an amendment of GASB Statement No. 53, effective for the District's fiscal year ending June 30, 2012.

The City will adopt the following new accounting pronouncement in future years:

- ✓ GASB Statement No. 60 Accounting and Financial Reporting for Service Concession Arrangement, effective for the District's fiscal year ending June 30, 2013.
- ✓ GASB Statement No. 61 The Financial Reporting entity: Omnibus an amendment of GASB Statements No. 14 and No. 34, effective for the District's fiscal year ending June 30, 2013.
- ✓ GASB Statement No. 62 Codification of Accounting and Financial Reporting Guidance
  Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements, effective for the
  District's fiscal year ending June 30, 2013.
- ✓ GASB Statement No. 63 Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, effective for the District's fiscal year ending June 30, 2013.
- ✓ GASB Statement No. 65 Items Previously Reported as Assets and Liabilities, effective for the Corporation's fiscal year ending June 30, 2014.
- ✓ GASB Statement No. 66 Technical Corrections an amendment of GASB Statements No. 10 and No 62, effective for the Corporation's fiscal year ending June 30, 2014.
- ✓ GASB Statement No. 67 Financial Reporting of Pension Plans and amendment of GASB Statement No. 25, effective for the Corporation's fiscal year ending June 30, 2014.
- ✓ GASB Statement No. 68 Accounting and Financial Reporting for Pensions an amendment of GASB Statement No. 27, effective for the Corporation's fiscal year ending June 30, 2015.

The impact of these pronouncements on the City's financial statements has not been determined.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Basis of Presentation

Government-Wide Financial Statements

The Statement of Net Assets and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities, Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

#### Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a) Total assets, liabilities, revenues, or expenditures/expenses of that individual, governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b) Total assets, liabilities, revenues, or expenditures/expenses of the individual, governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

In addition to funds that meet the major fund criteria, any other governmental or enterprise fund that the government's officials believe is particularly important to financial statement users (for example, because of public interest or inconsistency) may be reported as a major fund.

#### Governmental Funds

### General Fund

The General Fund is the primary operating fund of the City and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

#### Special Revenue Funds

- Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally or administratively restricted to expenditures for certain purposes for the City and School.
- HUD Funds are used to account for resources restricted for the acquisition or assistance with urban development projects or other related items.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

# SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Governmental Funds (Continued)

### Capital Project Funds

Capital Project Funds are used to account for resources restricted for the acquisition or construction of specific capital projects or items.

### Permanent Funds

The Permanent Funds account for assets held by the City pursuant to trust agreements. The principal portion of this fund type must remain intact, but the earnings may be used to achieve the objectives of the fund.

### Proprietary Funds

Proprietary funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. Operating revenues of the Proprietary Funds consist of customer/taxpayer charges for uses and services and certain other miscellaneous revenues. All other revenues of the Proprietary Funds are considered non-operating sources of revenue. Operating expenses for the enterprise funds includes costs of providing services, including administration and depreciation on capital assets. All other expense items not meeting the above criteria is reported as non operating expenses.

### Fiduciary Funds (Not included in government-wide statements)

### Agency Funds

Agency funds account for assets held by the City in a purely custodial capacity. The reporting entity includes five agency funds. Since agency funds are custodial in nature (i.e. assets equal liabilities), they do not involve the measurement of results of operations. The agency funds for the City are those funds relating to the Student Activity Funds.

#### Pension Trust Fund

The Pension Trust Fund is used to account for funds that are to be used for the payment of retirement benefits to former employees.

# Major and Non-Major Funds

The funds are further classified as major are as follows:

Fund Brief Description

Major:

General Fund: See above for description

School Unrestricted Fund This fund is used to report all financial transactions of the Pawtucket

School Department, which are not legally required to be accounted for

separately.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

### SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Measurement Focus

On the government-wide Statement of Net Assets and the Statement of Activities both governmental and business-like activities are presented using the economic resources measurement focus as defined in item (b) below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- (a) All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period. The City considers property taxes as available if they are collected within 60 days after year end.
- (b) All proprietary funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of net income, financial position and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net assets.
- (c) Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

### Basis of Accounting

In the government-wide Statement of Net Assets and Statement of Activities both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available". Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days thereafter to pay current liabilities. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due.

All proprietary funds, private purpose trust funds and agency funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Amounts reported as program revenues include charges to customers or applicants for goods, services or privileges provided and operating grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Cash Equivalents

For purposes of the cash flow statement, the proprietary funds consider all investments with original maturities of three months or less when purchased to be cash equivalents.

### Investments

In accordance with GASB No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools, investments are reported at fair value. Investments are disclosed in accordance with GASB No. 40, Deposits and Investment Risk Disclosures.

### Accounts Receivable

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include property taxes, other receivables and intergovernmental receivables. Business-type activities report service fees as its major receivables.

In the fund financial statements, material receivables in governmental funds include revenue accruals such as property taxes and grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis. Proprietary fund material receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivables are based upon historical trends and the periodic aging of accounts receivable. The allowance for uncollectible taxes receivable accounts amounted to \$3,800,000 at June 30, 2012. Major receivable balances for the governmental activities include property taxes and intergovernmental receivables 37% and 36%, respectively, of total governmental receivables. Business-type activities report service fees as its major receivables.

### Inventory

Proprietary fund inventory is stated at cost (first-in, first-out). Inventory consists primarily of materials and supplies. Inventory maintained in governmental funds is recorded as expenditures at the time of purchase.

### Property, Plant and Equipment

The accounting treatment over property, plant and equipment (fixed assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

### **Government-Wide Financial Statements**

In the government-wide financial statements, fixed assets are accounted for as capital assets. All capital assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets, which are recorded at their estimated fair value at the date of donation. Library collections, capital assets that are not being depreciated, are placed into service using the replacement method of cost for any new assets and the expense is charged to depreciation expense in the year of acquisition.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, Plant and Equipment (Continued)

As of June 30, 2012, the City's infrastructure assets have been capitalized and reported within the financial statements.

The City defines capital assets as assets with an individual cost of more than \$10,000 and an estimated useful life in excess of five years. Such assets are recorded at historical cost or estimated historical costs (for certain assets acquired prior to 1960). Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets (retroactive to January 1, 1979) is included as part of the governmental capital assets reported in the government-wide statements. Donated assets are recorded at estimated fair market value at the date of donation.

The Pawtucket Water Supply Board's (PWSB in the Enterprise Funds) assets are used as collateral for water improvement revenue bonds.

Depreciation of all exhaustible capital assets is recorded, as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Autos and information processing equipment	5
Trucks	8
Equipment, furniture and fixtures	10
Heavy Equipment	25
Buildings, infrastructure, water lines and fire hydrants	39 1/2
Sewer mains and certain water assets	75-100

#### Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide financial statements.

### Property Taxes

The City is responsible for assessing, collecting, and distributing property taxes in accordance with enabling State legislation.

All property taxes for fund statement purposes are recognized in compliance with Section P70, "Property Taxes" of the Codification of Governmental Accounting and Financial Reporting Standards on the Fund statements.

The City's fiscal 2012 property taxes were levied in July of 2011 on assessed valuation as of December 31, 2010. Upon levy, taxes are billed quarterly and are due on July 15, October 15, January 15, and April 15. Failure to mail payments by due dates will result in lien on taxpayer's property. Assessed values are established by Tax Assessor's Office and are currently calculated at 100% of assessed value for real estate and 100% of market value for motor vehicles. The most recent assessment of all real estate was completed as of December 31, 2011.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed in governmental funds. Open encumbrances at year-end are closed out and reevaluated at the beginning of the following fiscal year.

### Compensated Absences

Under the terms of various contracts and agreements, City employees are granted vacation and sick leave in the varying amounts based on length of service. The City's policy is to recognize the cost of the vacation and sick leave in governmental funds when paid, and on the accrual basis in proprietary funds. For Governmental Fund Types accrued compensated absences are presented as a current liability for those amounts expected to be paid with current financial resources. In governmental funds compensated absence expenditures are only reported when matured. For those compensated absences not to be paid with current financial resources the liability is recorded in the Statement of Net Assets of the Government- Wide Financial Statements. See Note 7 for amounts due and payable at June 30, 2012. For Proprietary Fund Types accrued compensated absences are recorded as a liability within those funds. In past years and in future fiscal years the general fund has been used to liquidate the liability for compensated absences in governmental funds other than those which are liabilities on proprietary funds.

### Judgments and Claims

Liabilities for legal cases and other claims against governmental funds are recorded when the ultimate liability can be estimated and such cases are expected to be liquidated with expendable available financial resources. Proprietary fund types record these liabilities using the accrual basis of accounting.

#### Bond Issuance Costs

Bond issuance costs are amortized on a straight-line basis over 20 years. The total bond issuance costs, net of accumulated amortization as of June 30, 2012 were \$43,471.

#### Deferred Revenues

Deferred revenues represent funds received in advance of being owed or receivables, which will be collected and included in revenues of future fiscal years. In the General Fund, deferred revenues relate to property tax receivables, which were received prior to June 30th, plus delinquent balances less amounts due as of the balance sheet date and received sixty days thereafter.

#### Self-Insurance

The City's self-insurance costs for health and general liabilities are accounted for in the City's internal service funds. Claims incurred but not paid, including those which have not been reported, are accounted for as expenses and accrued claims in those funds when a liability has been incurred.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Interfund Transactions

Non-reciprocal interfund activities:

- Interfund transfers are reported in governmental funds as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers. In proprietary funds, transfers are reported after nonoperating revenues and expenses.
- Interfund reimbursements are repayments from the fund responsible for particular expenditures or expenses to other funds that initially paid for them. Reimbursements are not displayed separately within the financial statements.
- Interfund transactions are accounted for as expenditures/expenses when they constitute reimbursements form one fund to another. These transactions are recorded as expenditures/expenses in the reimbursing fund and are recorded as reductions of expenditures/expenses in the fund receiving the reimbursement. All other interfund transactions are reported as transfers.

Equity Classifications

# **Government-Wide Statements**

Equity is classified as net assets and displayed in three components:

- (a) Invested in capital assets, net of related debt Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
  - (b) Restricted net assets Consists of net assets with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
  - (c) Unrestricted net assets All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

### **Fund Financial Statements**

Governmental fund equity is classified as fund balance in accordance with GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. Fund balance is classified as non-spendable, restricted, committed, assigned or unassigned as described below:

Non-Spendable – the amount of fund balance that cannot be spent because it is either not
in spendable form or there is a legal or contractual requirement for the funds to remain
intact. At the end of each fiscal year, the Finance Director will report the portion of the fund
balance that is not in spendable form as Non-Spendable on the annual financial statements.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Fund Financial Statements (Continued)

- Restricted the amount of fund balance that can only be spent on specific expenses due to
  constraints on the spending because of legal restrictions, outside party creditors, and
  grantor/donor requirements. The City's restricted fund balance amounts are considered to
  have been spent when an expenditure has been incurred satisfying such restriction. At the
  end of each fiscal year, the Finance Director will report restricted fund balance amounts that
  have applicable legal restrictions per GASB 54.
- Committed the City Council, as the City's highest level of decision-making authority, may commit fund balance for specific purposes pursuant to constraints imposed by formal actions taken, such as an ordinance or resolution. These committed amounts cannot be used for any other purpose unless the City Council removes or changes the specific use through the same type of formal action taken to establish the commitment. This constraint must be imposed prior to the fiscal year end, but the specific amount may be determined at a later date. At the end of each fiscal year, the Finance Director will report committed fund balances that have been committed by self-imposed actions by the City of Pawtucket's City Council.
- Assigned the amounts that are constrained by the City's intent to be used for specific
  purposes, but are neither restricted nor committed, should be reported as assigned fund
  balance. The City does not maintain a spending policy in accordance with GASB Statement
  No. 54, Fund Balance Reporting and Governmental Fund Type Definition for therefore any
  remaining positive portion of unassigned fund balance cannot be considered assigned.
- <u>Unassigned</u> the amount of fund balance that remains from residual positive net resources of the General Fund in excess of what can properly be classified in one of the other four categories, not subject to any constraints or intended use, no external or self-imposed limitations, no set spending plan and are available for any purposes. Unassigned fund balance is commonly used for emergency expenditures not previously considered. In addition, the resources classified as unassigned can be used to cover expenditures for revenues not yet received. At the end of each fiscal year, the Finance Director will report the portion of the unassigned fund balance.

Proprietary fund equity is classified the same as in the government-wide statements.

#### Reclassifications

Some of the 2011 balances have been reclassified to conform to the 2012 presentation.

### Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities including disclosures of contingent assets and liabilities and reported revenues, expenses and expenditures during the fiscal year.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balance and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes reconciliation between net changes in fund balances – total governmental funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures." However, in the statement of activities the cost of those assets is allocated over their useful lives and reported as depreciation expense." The details of this \$(3,108,169) difference are as follows:

Capital Outlays (net of disposals)	\$ 2,456,182
Depreciation expense	(5,564,351)
Net Adjustment	\$ (3,108,169)

Another element of that reconciliation explains a reconciliation of "Deferred charges, bond premium, cost of issuance, and change in accrued interest". However, in the statement of activities the increase in accrued interest, amortization of the bond premium, and cost of issuance are reported as interest expense and amortization expense. The details of this \$(27,427) difference are as follows:

Increase in accrued interest	\$ (20,778)
Amortization on gain on refunding	(37,634)
Amortization of bond issuance costs	(21,736)
Amortization of bond premium	52,721
	\$ (27,427)

### 2. BUDGETARY DATA AND BUDGETARY COMPLIANCE

Prior to the passage of the annual budget ordinance, the Council adopts a capital program and capital budget. The capital budget ordinance shows in detail the capital expenditures intended to be made or incurred in the next fiscal year that are to be financed from bond proceeds. These funds are subject to control or appropriation by the Council and must be in full conformity with that part of the capital program applicable to the year which it covers. The Council may amend the capital budget ordinance, but no amendment is valid which does not conform to the capital program. At least 25 days prior to the end of the fiscal year, the budget is legally adopted.

### 3. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

### Legal Debt Margin

The City's legal debt margin as set forth by State Statute is limited to three percent of total assessed value which approximates \$4,337,347,661 based on the December 31, 2011 assessment. As of June 30, 2012, the City's debt is under the debt limit by \$91,785,416, subject to the Maximum Aggregate Indebtedness provision (3% Debt Limit) of the Rhode Island General Laws 45-12-2. All other City debt has been incurred through special statutory authority which consists of approval by the legislature and voter referendum.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

#### STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED) 3.

# **Donor Restricted Endowments**

The City has received certain endowments of Library and Cemetery maintenance. The amounts are reflected in the net assets and restricted for perpetual care and endowments. Investment income is approved for the expenditure by the various boards of the benefiting activities and is included in the nonspendable fund balance.

#### CAPITAL ASSETS 4.

Capital asset activity for the year ended June 30, 2012 was as follows:

	Primary Government							
	(	Beginning Balance as restated)		Increases		ecreases		Ending Balance

Hydraulic Modeling Engineering Services Contract	9,489
Total Commitments	\$ 4,416,804

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

### 5. CASH AND INVESTMENTS

<u>Deposits:</u> The City maintains deposits in various financial institutions that are carried at cost except for those amounts which are carried as petty cash. The carrying amount of deposits is separately displayed on the balance sheet as "Cash and Cash Equivalents".

<u>Investments:</u> Investments of all idle funds are made through national banks or trust companies, providing that the financial conditions and integrity of the institutions are verifiable and can be monitored. The investment of funds must be in direct obligations of the United States Government and "money market instruments" rated "A" of better. Investments in any one institution cannot exceed five (5) percent of that institutions capital and surplus as set forth in the institutions most recent audited financial statements.

<u>Interest Rate Risk:</u> The City limits its exposure to fair value losses arising from changes in interest rates by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations. This policy avoids the need to sell securities on the open market prior to maturity. The City invests operating funds primarily in shorter-term securities, money market funds, or similar investment pools.

<u>Concentrations:</u> The City's investment policy is to maintain a diversified portfolio to minimize the risk of loss resulting from over concentration of assets in a specific maturity.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

### CASH AND INVESTMENTS (Continued)

<u>Interest Rate Risk:</u> This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates.

<u>Credit Risk:</u> Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. The City has no investment policy that would limit its investment choices due to credit risk other than State Statutes governing investments in obligations of any State or political subdivision or in obligations of the State of Rhode Island or political subdivision.

Information about the exposure of the City's debt type investments to interest rate and credit risk using the segment time distribution model is as follows:

Type of Investment	Moody's Rating	ı	ess Than 1 Year	1-10 Years	Over 10 Years
U.S. Government and Agency Obligations U.S. Treasuries	Not Available Aaa	s	3,136,342	\$ 18,123,561	\$ 4,355,534
Domestic corporate bonds	Not Available	Φ	5,150,542	3,079,222	1,155,198
Total		\$	3,136,342	\$ 21,202,783	\$ 5,510,732

### 6. PROPERTY TAXES

The City is permitted by state law to levy property taxes. Current tax collections for the City were approximately 94% of the total December 31, 2010 levy.

For year ended June 30, 2012, the City used a tax rate of \$24.54 per thousand for commercial real property, \$17.78 per thousand for residential real property, \$53.30 per thousand for motor vehicles, and \$52.09 per thousand for tangible personal property.

Payments on all long-term debt and other long-term liabilities that pertain to the City's governmental activities are made by the Debt Service Fund and General Fund. The General Fund typically has been used in prior years to liquidate the liability for compensated absences.

On June 23, 2011, the City Council approved an ordinance authorizing the City to use accumulated fund money for the deficit reduction plan in fiscal year 2011. This ordinance allowed the City to transfer accumulated fund balances in various funds to the City's General Fund. The Cemetary Perpetual Care permanent fund, transferred \$500,000 to the General Fund, in which \$350,000 was deemed a loan that shall be repaid to the permanent fund in equal payments in the amount of \$35,000 per year for a period of ten years beginning in fiscal year 2013. This \$350,000 loan payable is included as a prior period restatement of the governmental fund balance for the Cemetary Perpetual Care permanent fund and the government-wide long term debt obligations for the fiscal year 2012. See Note 15.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

### 8. TAX & BOND ANTICIPATION NOTES

At June 30, 2011, the City had a bond anticipation note (BAN) payable dated August 26, 2010 in the amount of \$3,000,000. The note was due and paid on approximately August 25, 2011 with interest at an annual rate of 2.0%.

Balance 7/1/2011	Additions	Retirements	Balance 6/30/2012	
\$3,000,000	\$0	\$3,000,000	\$0	

At June 30, 2011, the City had a tax anticipation note (TAN) payable dated April 6, 2011 in the amount of \$11,600,000. The note was due and paid on approximately July 28, 2011 with interest at an annual rate of 2.75%.

7/1/2011	Additions	Retirements	Balance 6/30/2012	
\$11,600,000	\$0	\$11,600,000	\$0	

At June 30, 2012, the City had a bond anticipation note (BAN) payable dated August 25, 2011 in the amount of \$5,650,000. The note was due and paid on approximately August 23, 2012 with interest at an annual rate of 2.15%. The note payable is listed as a current liability in the Government wide Statement of Net Assets and Governmental Funds Balance sheet as of June 30, 2012. Interest is not accrued or expensed in the financial statements until it is paid with current measurable and available resources. Activity of the City's BAN obligations was as follows for the fiscal year ended June 30, 2012.

Balance 7/1/2011	Additions	Retirements	Balance 6/30/2012
\$0	\$5,650,000	<u>\$0</u>	\$5,650,000

At June 30, 2012, the City had a tax anticipation note (TAN) payable dated February 7, 2012 in the amount of \$12,600,000. The note was due and paid on approximately July 30, 2012 with interest at an annual rate of 2.150%. The note payable is listed as a current liability in the Government wide Statement of Net Assets and Governmental Funds Balance sheet as of June 30, 2012. Interest is not accrued or expensed in the financial statements until it is paid with current measurable and available resources. Activity of the City's TAN obligations was as follows for the fiscal year ended June 30, 2012.

Balance 7/1/2011	Additions	Retirements	Balance 6/30/2012
\$0	\$12,600.000	\$0	\$12,600,000

The City issued a Bond Anticipation Note, dated August 23, 2012, in the amount of \$8,300,000 with an interest rate of 2.85%. The notes maturity date is August 23, 2013.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

# 9. FUND EQUITY

### (a) Fund Balance Classifications

In accordance with GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the Town has classified governmental fund balances at June 30, 2012 as follows:

Non-Spendable:		
Perpetual Care and Endowment permanent funds	\$	1,008,229
City special revenue funds		25,205
Total Non-Spendable fund balance	\$	1,033,434
Restricted:		
Restricted for City special revenue funds	\$	1,658,108
Restricted for HUD special revenue funds		1,260,483
Restricted for School special revenue funds		266,803
Restricted for Capital project funds		578,958
Total Restricted fund balance	\$	3,764,352
Committed:		
Committed for medical reservation	\$	396,645
Committed for Charter Reserve		700,000
Committed for Snow Removal		150,000
Committed for Revaluation		287,001
Committed for School's deficit reduction		1,822,353
Committed for City special revenue funds		1,117,527
Total Committed fund balance	\$	4,473,526
Assigned:		
Assigned for City special revenue funds	5	25,215
Total Assigned fund balance	\$	25,215

# (b) Transfers In and Out

The principal purpose of interfund transfers is to provide a financing source to various funds that may not have the ability to cover all costs with revenue generated by the fund. The composition of interfund transfers for the year ended June 30, 2012 is as follows:

Fund/Department	Transfers From Other Funds		Transfers To Other Funds		
General Fund	\$ 68,095	\$	29,793,063		
School Unrestricted Fund	29,623,349		17.222		
Special Revenue Funds	208,496		11,533		
HUD Special Revenue Funds	764,566		764,566		
Capital Project Funds Permanent funds			27,249		
Internal Service funds			68,095		
Totals	\$ 30,664,506	\$	30,664,506		

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

ST-Pier Brownfields		13,563	
Leap 1 Federal and State		150,939	
Leap 2 State		27,429	
Total	\$	7,325,159	

Deficit for major and non-major governmental fund activities will be funded through the General Fund, a major governmental activities fund, and bond issuance.

# 10. BONDS AUTHORIZED BUT UNISSUED

Bonds authorized but unissued at June 30, 2012 were \$8,300,500 to be used for School Building Improvements, Public Buildings, Recreation, Sewer and Sanitation, Streets and Sidewalks, and Highway and Bridges.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

### 11. DEFINED BENEFIT PENSION PLANS

### (a) General Municipal Employees' Pension Plan

The City of Pawtucket participates in the Municipal Employees' Retirement System of the State of Rhode Island ("System"), an agent multiple employer defined benefit plan. All full-time City and non-certified School Department general employees participate in the System.

The payroll for employees covered by the System for the year ended June 30, 2012 was approximately \$8,925,400 and the City payroll was approximately \$92,370,000.

### Plan Description

The following eligibility and benefit provisions are established by State Statute. The System generally provides retirement benefits equal to 2 percent of final average salary per year of service with a maximum benefit of 75 percent of final average salary. Final average salary is the three highest consecutive years of earned salary exclusive of overtime, bonuses or severance pay. Such benefits are available to members at least age 58 with 10 years of service or after 30 years regardless of age. The plan also provides non-occupational disability benefits after 5 years of service, occupational disability benefits with no minimum service requirement, survivors' benefits, and certain lump sum death benefits. Employees are vested in their retirement benefits on completion of 10 years of service. Benefits are established by State Statute.

### Contributions Required and Contributions Made

General employees were required by State Statute to contribute 7% of their annual earnings until the maximum benefit (75 percent of final average salary) is accrued. The City is required to contribute based on an actuarially computed amount and as provided by State Statute for each participating municipality. The actuarial method used is the entry age normal cost with part of each municipality's unfunded actuarial liability funded over a closed thirty year amortization period and the balance funded over the projected future payroll of active members. Due to large fluctuations in the contribution rates of certain municipalities, the plan has adopted a procedure which would allow a unit the option of paying a smoothed contribution rate. The smoothed contribution rate equals the previous fiscal year's contribution rate plus the greater of 2 percent or one eighth of the increase in contribution rate plus the cost of any benefit improvements. The actuarially determined contribution amount for the City was determined as described above and was based on an actuarial valuation as of June 30, 2009.

The annual required contribution for the City which equals the annual pension cost for the year ended June 30, 2012 was \$1,118,044 for general employees. This contribution represents 11.81% of covered payroll. General municipal employees were required to contribute \$624,778. This contribution represents 7.0% of covered payroll.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

### 11. DEFINED BENEFIT PENSION PLANS (Continued)

### Trend Information

There were no current year changes in actuarial assumptions, benefit provisions, or actuarial funding method that would significantly affect the contribution requirement. Significant actuarial assumptions and other actuarial information are presented in the following required supplemental information.

Fiscal	Annual Pension	Percentage of APC	Net Pension
Year	Cost (APC)	Contributed	Obligation
2010	\$1,094,082	100%	\$0
2011	\$ 965,471	100%	\$0
2012	\$1,118,044	100%	\$0

Trend information showing the System's progress in accumulating sufficient assets to pay benefits when due is presented in the State of Rhode Island's Employee Retirement System's June 30, 2011 annual financial report, which may be obtained from the administrative offices of the State of Rhode Island Retirement Board, 50 Service Avenue, Warwick, Rhode Island. This report is the most recent report available from the State who administers the Plan.

#### Funded Status of Plan

The required supplementary information which follows the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. Listed below are the details of the funding progress of the General Municipal Employees' Pension Plan with a valuation date of June 30, 2011 which is the most recent report available from the State who administers this plan.

- Actuarial value of assets \$87,571,418
- Actuarial accrued liability \$111,366,277
- Unfunded actuarial accrued liability (UAAL) \$23,794,859
- Funded Ratio 79%
- Annual covered payroll \$20,251,458
- UAAL as percentage of payroll 118%

# 11. DEFINED BENEFIT PENSION PLANS (Continued)

(a) General Municipal Employees' Pension Plan

### Legislative changes

In November 2011, the State enacted The Rhode Island Retirement Security Act of 2011 (the Act), as described in S1111A and H6319A. The Act makes broad changes to ERSRI effective July 1, 2012. The most significant changes include:

- Changing the structure of the retirement program from a traditional defined benefit plan to a hybrid plan designed with a smaller defined benefit plan and a supplemental defined contribution plan.
- Changing the automatic COLA to a formula contingent on the actual investment performance over time.
- Suspension/reduction of the COLA during times when the funded ratio is lower than targeted 80% levels. This is applied by individual MERS unit.
- Re-amortization of the significantly reduced Unfunded Actuarial Accrued Liability (UAAL) to 25 years from the 19 year schedule as of June 30, 2010.
- Public Safety personnel not covered by Social Security will participate in additional defined contribution allocations equal to 3% member plus 3% employer.

Included within the significant changes noted above, there are certain rules for transitioning from the prior defined benefit structure to the smaller defined benefit plan going forward. Most notably:

- The accumulated benefit multiplier as of June 30, 2012 will be preserved and any changes to accruals will only be made prospectively.
- The final average compensation as calculated on June 30, 2012 will be preserved and any
  changes to the definition of salary or to the averaging period will not impact the final average
  compensation used to determine the retirement benefit until after the new calculation is
  greater than the preserved calculation.
- The calculated accrued benefit as of June 30, 2012 using the accumulated benefit multiplier
  as of that date and the final average compensation as of that date can be commenced on the
  date the member would have reached retirement eligibility prior to the Act if the member
  retires on that retirement date.
- Any past post-retirement benefit adjustments that have been given will be preserved. Only
  future adjustments will be modified and/or suspended.
- All members currently eligible to retire will retain the ability to retire in accordance with the
  provisions prior to the Act.
- Current municipal employees who have five years of service as of June 30, 2012 will have a
  new retirement age delayed in proportion to the amount of service they have earned as of
  June 30, 2012 and to their current expected retirement age, but not less than age 59. In no
  circumstance will the retirement age of the member reduce from the retirement age prior to
  the Act.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

# 11. DEFINED BENEFIT PENSION PLANS (Continued)

- (a) General Municipal Employees' Pension Plan
  - Current Public Safety personnel who are age 45 with ten years of service as of June 30, 2012, and had a retirement age prior to the Act based on continued service prior to age 52, will have unreduced retirement eligibility at age 52.
  - A plan that has had four consecutive benefit adjustments suspended due to the 80% funding criteria will be eligible to receive an adjustment in the fifth year regardless of the funding level.

### (b) Municipal Police and Fire Pension Plans

Pre-Fiscal 1974 Policemen and Firefighters Pension Plan (Old Plan)

The City of Pawtucket maintains two pension plans for Police and Fire Employees. The "old plan" is for employees eligible prior to June 30, 1973. The "new plan" is for all subsequent employees. The "old plan" is non-funded while the "new plan" is partially funded.

### Plan Description

This plan covers all police officers and firefighters of the City of Pawtucket who were eligible to receive pension benefits prior to June 30, 1973. The plan does not issue stand alone financial reports.

Summary of Significant Accounting Policies

### Basis of Accounting

This pension plan is administered by the City, and is accounted for on the accrual basis of accounting. Revenues (contributions and investment income) are recognized when they are earned and expenses (benefits, administration and refunds) are recognized when they are due and payable in accordance with the terms of the plan.

### Benefit Provisions

The pension plan provides pension benefits, death and disability benefits. A member may retire upon completion of 20 years of credited service at the amount equal to 50% of the average of the member's three highest years' salary. Each member of the plan who does not retire upon the completion of 20 years of credited service shall be entitled to an additional retirement benefit of 2% for each year of service over 20 years, but not to exceed an additional 5 years, with a maximum retirement benefit of 60% after completion of 25 years of credited service. The 2% shall be based upon the average of the member's highest three years' salary.

Any member withdrawing from service prior to retirement shall be entitled to a refund in a single sum of the amount of contribution made to the System with interest at 4%. The payment of a refund under the provisions shall automatically affect a waiver and forfeiture of all accrued rights and benefits in the System on the part of the member.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

# 11. DEFINED BENEFIT PENSION PLANS (Continued)

Pre-Fiscal 1974 Policemen and Firefighters Pension Plan (Old Plan) (Continued)

The pension plan provides disability benefits whereby any member who becomes totally and permanently disabled shall receive a benefit equal to 2/3 of the member's pay at the time the member's disability occurs, an additional 10% shall be paid for each dependent child of the member until the child reaches the age of 21, with a maximum total disability benefit not to exceed 80% of the member's pay at the time of the occurrence of the disability. The disability benefit will continue until the member reaches normal retirement date, at which time the member will receive the normal retirement benefit.

In the event that a member dies prior to retirement and is survived by a widow or children, his widow shall be entitled to a pension benefit equal to 30% of the member's highest or final salary plus an additional 10% for each dependent child less than 21 years of age. The benefits cannot exceed a total of 50% of the member's highest or final salary. The benefits will continue during the lifetime of the widow or until she remarries.

### Funding Policy

Each fiscal year, the City pays into the pension plan a sum equal to the actual benefit payout of the retirement system for the year. Contributions made by the City for the fiscal years ending June 30, 2012, 2011 and 2010 were \$561,549, \$608,519, and \$629,170, respectively.

As the plan matures, the amounts payable each year, in general, will decrease until paid in full. The City at present is not intending to create a pool of assets to cover these projected costs but rather will allow this plan to run its course. Because there are no active employees in this plan and because of the diminishing contributions and because the funds for payment are built into the taxpayer's rate and budget, the plan will not add any additional burden to future taxpayers and, thus, will continue as is until completion. The City Council adopted a new cost of living adjustment ("COLA") provision for those participants who were not currently receiving cola provision.

Post-Fiscal 1974 Policemen and Firefighters Pension Plan (New Plan)

### Plan Description

All policemen and firemen, who are not covered under the City's pension plan described above, are members of the successor pension plan which became effective July 1, 1973. The plan does not issue stand alone financial reports.

Summary of Significant Accounting Policies and Plan Asset Matters

#### Basis of Accounting

This pension plan is administered by the City, and is accounted for on the accrual basis of accounting. Revenues (contributions and investment income) are recognized when they are earned and expenses (benefits, administration and refunds) are recognized when they are due and payable in accordance with the terms of the plan.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

### 11. DEFINED BENEFIT PENSION PLANS (Continued)

Post-Fiscal 1974 Policemen and Firefighters Pension Plan (New Plan) (Continued)

### Valuation of Investments

Investments are reported at fair value. Short-term investments are reported at cost, which approximate fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value. There are no investments of 5% or greater in any one organization.

### Classes of Employees Covered

At July 1, 2011, the date of its latest full actuarial evaluation, plan membership consisted of the following:

Retirees and beneficiaries currently receiving benefits	350
Active plan members	280
Total	630

### Benefit Provisions

The plan covers all police and firefighters. In order to be eligible for the plan, the employee must complete one year of service and attain a minimum age of eighteen. Normal retirement date is at age sixty-five. Benefits are paid in monthly payments over tifteen years. The annual benefit is based upon years of service. The plan contains no provision for early retirement. The death benefit for the plan is equal to the participant's accrued benefit at the date of death. Participants are fully vested after fifteen years of service.

### Funding Policy

Contribution requirements of the plan members and the City are established and may be amended by the City Council. Plan members are not required to contribute to the plan. The City is required to contribute at an actuarially determined rate. Administration costs of the plan are financed through investment earnings of the plan's assets.

#### Schedule of Employer Contributions

Year Ended June 30		C	Annual Required Contribution	Actual Contribution		Percentage Contributed	Net Pension Obligation		
	2009	\$	8,907,828	\$	5,505,382	62%	\$	75,863,457	
	2010	\$	10,154,357	\$	9,735,460	96%	\$	78,058,564	
	2011	\$	11,238,282	\$	10,169,519	90%	\$	80,951,362	
	2012	\$	11,607,902	\$	10,732,452	92%	\$	83,722,140	

The annual required contribution for the current year was determined as part of the July 1, 2011 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions include:

#### Funded Status of Plan

The required supplementary information which follows the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. Listed below are the details of the funding progress of the Policeman and Firefighters Pension Plan with a valuation date of July 1, 2011 which is the most recent report available from the State who administers this plan.

- Actuarial value of assets \$73,435,524
- Actuarial accrued liability \$218,309,558
- Unfunded actuarial accrued liability (UAAL) \$144,874,034
- Funded Ratio 33.6%
- Annual covered payroll \$18,519,001
- UAAL as percentage of payroll 782%

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

### 11. DEFINED BENEFIT PENSION PLANS (Continued)

### (c) Teacher's Pension Plan

All Pawtucket School Department certified school personnel participate in the Employees' Retirement System of the State of Rhode Island ("System"), a cost-sharing multiple-employer defined benefit plan. The payroll for School Department employees covered by the System for the year ended June 30, 2012 was \$53,594,968, which consisted of \$6,368,601 for employees charged to federal programs and \$47,226,367 for all other employees.

### Plan Description

The ERS was established under section two of chapter 2334 of the Rhode Island Public Laws of 1951 and placed under the management of the Retirement Board for the purpose of providing retirement allowances for employees of the State of Rhode Island under the provisions of chapters 8 to 10, inclusive, of title 36, and public school teachers under the provisions of chapters 15 to 17, inclusive, of title 16 of the Rhode Island General Laws. The plan provides a two tier benefit structure referred to as schedules A and B as follows:

Schedule A Benefits: Schedule A benefits are available to members who possess 10 years or more of contributory service on or before July 1, 2005. Schedule A provides unreduced benefits of 1.7% of earnings for each of the first ten years of service; 1.9% for each of the next ten years of service; 3.0% per year for each of the next fourteen years; and 2% for the 35th year. Joint and survivor options are available as well as the Service Retirement Allowance (SRA) Plus option that provides for the payment of a larger benefit before the attainment of age 62 and a reduced amount thereafter. The reduced amount is equal to the benefit before age 62, including cost-of-living increases, minus the member's estimated social security benefit payable at age 62. The maximum benefit is 80% of "final average" (FAC) earnings after 35 years of service. Final average earnings are the three highest consecutive years of earned salary excluding overtime, bonuses, or severance pays. Such benefits are available to members at least age 60 with 10 years of service, or after 28 years at any age. On the third January after retirement, a cost-of-living increase of 3% (compounded annually) is provided independent of actual changes in the consumer price index. The plan also provides nonservice-connected disability benefits after five years of service; service-connected disability pensions with no minimum service requirements; vested benefits after ten years of service; survivor's benefits for service connected death; and certain lump sum death benefits. For Schedule A members who are not grandfathered, i.e., members who had at least 10 years of creditable service at June 30, 2005 but who were not eligible to retire on September 30, 2009, benefits are based on Schedule A for services through September 30, 2009 and on Schedule B for services after September 30, 2009. Maximum benefit is 80% of FAC.

Schedule B Benefits: Schedule B benefits are provided to members who have less than 10 years of contributory service on or before July 1, 2005. For Schedule B members, the plan provides unreduced benefits of 1.6% of earnings for each of the first ten years of service; 1.8% for each of the next ten years; 2.0% per year for years 21 through 25 inclusive; 2.25% per year for years 26 through 30 inclusive; 2.5% per year for years 31 through 37 inclusive and 2.25% for the 38<sup>th</sup> year. Only single life, and joint and survivor options are available. The maximum benefit is 75% of his or her average highest three years of compensation after 38 years of service. Such benefits are available to members at least age 65 with 10 years of service, or after 29 years of service and age 59. Actuarially reduced retirement is available at age 55 and 20 years of service, the benefit is reduced actuarially for each month that the age of the member is less than sixty-five years.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

# 11. DEFINED BENEFIT PENSION PLANS (Continued)

(c) Teacher's Pension Plan (Continued)

Funding Policy

Rhode Island general laws set the contribution rates for participating plan employees at 9.5% of salary. Annual contributions by both employers and the State on behalf of those employees are determined by actuaries and assessed as a percentage of participants' payroll. The School Department was required to contribute 13.23%, 11.25%, and 11.25% for all full-time employees for fiscal years 2012, 2011, and 2010, respectively. The required contributions include (a) normal costs; (b) payments to amortize the unfunded frozen actuarial accrued liability as of July 1, 1985 over 30 years; and (c) interest on the unfunded frozen actuarial liability. Normal cost is determined using the entry age normal cost method with frozen initial liability.

A variety of significant actuarial assumptions are used for the actuarial valuation of June 30, 2009 and these assumptions are summarized below:

- (a) Mortality RP-2000 Combined Mortality Tables
- (b) Investment return 7.5 percent, compounded annually.
- (c) Salary increase Salaries will increase at a rate of 4.0 12.75 percent, compounded annually.
- (d) Retirement age 75% of Schedule B members who reach the age of 59 with 29 years of service before age 65 are assumed to retire when first eligible. 75% of other members are expected to retire when first eligible, at age 65 with 10 years of service. Because of enactment of Article 7 in 2009, the retirement assumption was modified for members not eligible for retirement by October 1, 2009. Members who would have been assumed to retire prior to age 62 under the rules in effect before the enactment of Article 7 are assumed to retire when first eligible for an unreduced benefit under Article 7.
- (e) Cost of living adjustments –2.0%.

As prescribed by Rhode Island general law, the State pays the entire portion of the annual required contribution attributable to the costs of contributions deferred by the State in prior years plus 40% of contributions assessed to employers on payroll not reimbursable through Federal programs. For fiscal year 2012, actuarial required contributions were 22.32% of the participant's salary. This resulted in a contribution rates paid by the State on behalf of the School Department of 9.09% of non-federally reimbursable payrolls totaling \$4,177,507 for the fiscal year ended June 30, 2012. The School Department does not have any investments or related party investments with the State Plan. The School Department's contribution represented 13.23% of the required 22.32%.

The amounts contributed to the plan are as follows:

Years Ending June 30.	Employee	City's Portion of Annual Required Contributions	Percentage Contributed
2012	\$4,486,505	\$6,248,048	100%
2011	\$4,092,220	\$4,846,050	100%
2010	\$4,338,113	\$5,137,240	100%

In accordance with GASB 27, "Accounting for Pensions by State and Local Governmental Employers," the School Department has determined that there is no net pension obligation relating to the funding requirements of the plan.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

### 11. DEFINED BENEFIT PENSION PLANS (Continued)

### (c) Teacher's Pension Plan (Continued)

Trend information showing the System's progress in accumulating sufficient assets to pay benefits when due is presented in the State of Rhode Island's Employee Retirement System's June 30, 2011 annual financial report, which may be obtained from the administrative offices of the State of Rhode Island Retirement Board, 50 Service Avenue, Warwick, Rhode Island. This report is the most recent report available from the State who administers the Plan.

# Legislative changes

In November 2011, the State enacted The Rhode Island Retirement Security Act of 2011 (the Act), as described in S1111A and H6319A. The Act makes broad changes to ERSRI effective July 1, 2012. The most significant changes include:

- Changing the structure of the retirement program from a traditional defined benefit plan to a hybrid plan designed with a smaller defined benefit plan and a supplemental defined contribution plan.
- Changing the automatic COLA from a CPI related formula to a formula contingent on the actual investment performance over time.
- Suspension/reduction of the COLA during times when the funded ratio is lower than targeted 80% levels. State employees, teachers, BHDDH nurses, correctional officers, judges (including pay as you go), and state police (including pay as you go) will be aggregated to determine if the 80% requirement has been reached.
- Re-amortization of the significantly reduced Unfunded Actuarial Accrued Liability (UAAL) to 25 years from the 19 year schedule as of June 30, 2010.
- Teachers and Public Safety personnel not covered by Social Security (except State Police) will participate in additional defined contribution allocations equal to 2% member plus 2% employer for Teachers and 3% member plus 3% employer for Public Safety.

Included within the significant changes noted above, there are certain rules for transitioning from the prior defined benefit structure to the smaller defined benefit plan going forward. Most notably:

- The accumulated benefit multiplier as of June 30, 2012 will be preserved and any changes to accruals will only be made prospectively.
- The final average compensation as calculated on June 30, 2012 will be preserved and any
  changes to the definition of salary or to the averaging period will not impact the final average
  compensation used to determine the retirement benefit until after the new calculation is
  greater than the preserved calculation.
- The calculated accrued benefit as of June 30, 2012 using the accumulated benefit multiplier
  as of that date and the final average compensation as of that date can be commenced on the
  date the member would have reached retirement eligibility prior to the Act if the member
  retires on that retirement date.
- Any past post-retirement benefit adjustments that have been given will be preserved. Only
  future adjustments will be modified and/or suspended.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

### 11. DEFINED BENEFIT PENSION PLANS (Continued)

- (c) Teacher's Pension Plan (Continued)
  - All members currently eligible to retire will retain the ability to retire in accordance with the provisions prior to the Act.
  - Current State Employees and Teachers who have five years of service as of June 30, 2012 will have a new retirement age delayed in proportion to the amount of service they have earned as of June 30, 2012 and to their current expected retirement age, but not less than age 59. In no circumstance will the retirement age of the member reduce from the retirement age prior to the Act.
  - Current Public Safety personnel who are age 45 with ten years of service as of June 30, 2012, and had a retirement age prior to the Act based on continued service prior to age 52, will have unreduced retirement eligibility at age 52.
  - A plan that has had four consecutive benefit adjustments suspended due to the 80% funding criteria will be eligible to receive an adjustment in the fifth year regardless of the funding level.

### 12. OTHER POST EMPLOYMENT BENEFIT OBLIGATIONS (OPEB)

### Plan Description

The City provides post-retirement benefits to retired individuals as required by union contracts with City municipal employees, teachers, police officers, and firefighters through a single employer defined benefit plan. The City also provides these benefits to School department administrators. These benefits include (1) full health coverage for the retiree and their spouse, and (2) full dental coverage for the retiree and their spouse. The City issues an annual actuarial report and can be obtained from the City's Finance Director at City Hall, 137 Roosevelt Avenue, Pawtucket, Rhode Island 02860.

### Valuation

An actuarial valuation study was performed by Stone Consulting, Inc. as of July 1, 2011 of the Other Post-Employment Benefits of the City. The results of the July 1, 2011 actuarial valuation used a discount of 4.0%.

#### Membership

At July 1, 2011, membership consisted of:

- Active Non-School Department receiving benefits
- Active School Department receiving benefits
- Inactive vested members
- Retired, disabled, beneficiaries and survivors non teachers
- Retired, disabled, beneficiaries and survivors School Department

### Funding Policy

The City pays for the other post-employment benefits on a pay-as-you-go basis. The annual medical benefits premium cost for fiscal year ended June 30, 2012 was \$6,402,353 and \$271,905 for dental benefits.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

# 12. OTHER POST EMPLOYMENT BENEFIT OBLIGATIONS (OPEB) (Continued)

Annual OPEB Cost and net OPEB Obligation

The following chart projects the Actuarial Required Contribution (ARC), pay-as-you-go, annual OPEB cost and the Net OPEB Obligation for the next 3 years under an unfunded (pay-as-you-go) scenario.

Year Ended June 30	Cont	Annual Required ribution (ARC)	Pay- As-You- Go	Annual OPEB Cost	Net OPEB Obligation End of Year
2013	\$	20,257,675	\$ 12,953,770	\$ 20,008,292	\$ 76,908,777
2014	\$	21,319,455	\$ 13,160,960	\$ 20,917,503	\$ 84,665,319
2015	\$	22,473,806	\$ 13,485,986	\$ 21,878,858	\$ 93,058,191

### Funding Status and Funding Progress

Currently, post employment benefits are paid for on a pay-as-you-go basis (an unfunded scenario). The City's pay-as-you-go cost for fiscal year 2012 is projected to be \$12,939,217. The normal cost for fiscal year 2012 under the unfunded scenario with a 4.00% discount rate is \$6,200,000. If the plan were 100% funded, and the fund earned an assumed 7.5% rate of return, then the cost for fiscal year 2011 would be the normal cost, projected to be \$6,739,217.

The City has not yet set aside any money to pre-fund the post employment benefits. Therefore, there is a large unfunded actuarial accrued liability for benefits already earned by employees and retirees. This amount is \$311,500,000 as of July 1, 2011 under a 4.00% discount rate. This would lead to a \$13,100,000 amortization payment required for fiscal year 2011 under a 28-year increasing funding schedule (the remainder of a 30-year closed amortization period.

	4.00% Discount		
(Rounded to the nearest hundred thousand) Actuarial Accrued Liability (AAL)

Normal Cost	\$	6,200,000	
Unfunded Actuarial Accrued Liability (UAAL)	\$	311,500,000	
Thirty-Year Funding Schedule:			
Thirty-Year Amortization of UAAL	\$	13,100,000	
Normal Cost		6,200,000	
Total	S	19,300,000	

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

## 12. OTHER POST EMPLOYMENT BENEFIT OBLIGATIONS (OPEB) (Continued)

### Actuarial Methods and Assumptions

The valuation of the post-employment medical and life insurance benefits is based upon the projected unit credit actuarial cost method. A normal cost (or service cost) is determined for each year of the member's creditable service and is equal to the value of the future expected benefits divided by the total expected number of years of service. The Actuarial Accrued Liability is the accumulated value of prior normal costs.

- Actuarial Cost Method Costs are attributed between past and future service using the projected Unit Credit Cost method. For attribution purposes, benefits are assumed to be accrued over all employee service until decrement.
- Interest Rate/Discount Rate 4.5% per year of investment expenses.
- Mortality Actives: 65% of Post-Retirement Mortality (based on the Employee's Retirement System of Rhode Island report).
- Retirees: Non-Teachers: 1994 Group Annuity Table set forward one year (based on the Employee's Retirement System of Rhode Island report).
- Disabled: All but police and fire: Males: 65% of PBGC Tab Va; Females: 100% of PBGC Table Via (based on the Employee's Retirement System of Rhode Island report); police and fire: PBGC Table 11 for males and PBGC Table 12 for females.
- Eligibility for Vested Post-Retirement Medical benefits upon Withdrawal Employees who withdraw from employment and do not retire are ineligible for post-retirement benefits even if they are vested in their retirement benefits.
- Medical Eligibility Employees: 100%; Spouses: 100%.
- Participation Rates: Current employees and spouses are assumed to continue the same coverage they have as of the valuation date. No future election of coverage is assumed for those retirees and spouses who currently have not elected coverage.
- Expenses Administrative expenses are included in the per capita medical cost assumption.
- Eligibility for Benefits Current retirees, beneficiaries and spouses of the City are eligible for benefits. Current employees who retire with a benefit from the Pawtucket Retirement Board. Current spouses are only covered for police, fire and teachers. Survivors of City employees and retirees are also eligible for medical benefits.
- Medical Benefits Various medical and dental plans offered by the City to its employees.
- Retiree Contributions Based on date provided by the City. Applicable to teachers only.

### Annual OPEB Cost and Net OPEB Obligation Calculation

Annual required contribution	\$ 19,285,740
Interest on OPEB	2,545,505
Adjustment to annual required contribution	(2,675,421)
Annual OPEB cost	19,155,824
Contributions made	(12,939,217)
Increase (decrease) in net OPEB obligation	6,216,607
Net OPEB obligation beginning of year	63,637,647
Net OPEB obligation end of year	\$ 69,854,254

City contributions to the plan for the year ended June 30, 2012 represented 68% of annual OPEB expense. The difference represents the City's OPEB obligation to the plan and has been accrued as an expense in the government-wide financial statements.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

## 12. OTHER POST EMPLOYMENT BENEFIT OBLIGATIONS (OPEB) (Continued)

The required supplementary information which follows the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. Listed below are the details of the funding progress of the OPEB obligation with a valuation date of July 1, 2011, which is the most recent report available from the actuary who values this plan.

- Actuarial value of assets \$0
- Actuarial accrued liability \$311,500,000
- Unfunded actuarial accrued liability (\$311,500,000)
- Funded ratio 0%
- Annual covered payroll N/A
- UAAL as percentage of payroll N/A

### 13. SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES AND COMMITMENTS

### Litigation

During the ordinary course of its operations, the City is a party to various claims, legal actions and complaints, and adequately provides for losses and accrues liabilities for losses when they are both probable and can be reasonably estimated.

### Grants

The City has received federal and state grants for specific purposes that are subject to audit by the grantors or their representatives. Such audits could lead to requests for reimbursement to the grant agency for expenditures disallowed under terms of the grant. City officials believe such disallowances, if any, would be immaterial.

### 14. RISK MANAGEMENT

The City of Pawtucket is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; injuries to employees; and natural disasters for which the City carries commercial insurance. Settled claims resulting from these risks have not exceeded the City's coverage in any of the past three fiscal years and there have been no significant reductions in insurance coverage from the prior year. The City maintains an internal service fund for Health/Dental (medical) insurance, which is a cost plus health and dental plan that has a self-insurance mechanism with a stop gap maximum claim amount at \$200,000.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

### 14. RISK MANAGEMENT (Continued)

The claims liability reported in the internal service fund at June 30, 2012 is based on the requirements of GASB Statement No. 10 and 30, which require that a liability for estimated claims incurred but not reported be recorded. The amount of claim accrual is based on the ultimate costs of settling the claim, which include past experience data, net of estimated subrogation recoveries. The claim accrual does not include other allocated or unallocated claims adjustment expenses. Billings from the Internal Service Fund to City funds for the fiscal year ended June 30, 2012 were approximately \$31,720,000 which represented approximately \$15,980,000 and \$15,740,000 for City and School Department personnel, respectively. At June 30, 2012 and 2011 the City has estimated a liability for incurred but not reported claims (IBNR) based on actual claims paid subsequent to year end but related to claims incurred prior to June 30, 2012 and 2011 as follows:

manage of the second of the se	2012
IBNR at beginning of year	\$ 832,356
Claims incurred during the year	31,719,952
Claims paid during the year	(30,832,681)
IBNR at June 30, 2012	\$ 1,719,627
	2011
IBNR at beginning of year	\$ 595,646
Claims incurred during the year	29,598,974
Claims paid during the year	(29,362,264)
IBNR at June 30, 2011	\$ 832,356

### 15. RESTATEMENT

Net assets at June 30, 2011 have been restated as follows:

Government-wide Financial Statements – Governmental Activities  Net assets at June 30, 2011, as originally stated  Understatement of transfers from internal service fund  Understatement of revenue  Net assets at June 30, 2011, as restated	\$(41,419,433) (82,669) <u>60,486</u> \$(41,441,616)
Governmental Fund Financial Statements – Other Non-Major Governmental Funds Fund Balance at June 30, 2011, as originally stated Understatement of loan receivable Understatement of revenue Fund Balance at June 30, 2011, as restated	\$ 4,347,824 350,000 60,486 \$ 4,758,310

### NOTES TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2012

The accompanying Statement of Revenues, Expenditures/Expenses (GAAAP or Budgetary Basis Non-GAAP) presents comparisons of the legally adopted budget with actual data on a budgetary basis. Because accounting principals applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with GAAP, a reconciliation of resultant basis, entity and timing differences in the excess (deficiency) of revenues and other financial resources over expenditure/expenses and other uses of financial resources for the year ended June 30, 2012 is presented below:

### (a) Budgetary to GAAP Basis Reconciliation

The following reconciliation summarizes the difference for the City's General Fund between budgetary and GAAP basis accounting principles for the year ended June 30, 2012:

Excess revenues and other sources over expenditures and other uses (Non-GAAP Budgetary Basis)	\$ 1,894,164
Use of accumulated fund balance	876,190
Excess of revenues and other sources over expenditures (GAAP)	\$ 2,770,354

The following reconciliation summarizes the difference for the School's Unrestricted Fund between budgetary and GAAP basis accounting principles for the year ended June 30, 2012:

Excess expenditures and other uses over revenues and other sources (Non-GAAP Budgetary Basis)	\$ (1,615,048)
Prior year encumbrances	3
Current year encumbrances	
Use of accumulated fund balance	
Excess of expenditures and other uses over revenues (GAAP)	\$ (1,615,048)

#### CITY OF PAWTUCKET, RHODE ISLAND

#### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS JUNE 30, 2012

#### 1. General

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal award programs of the City of Pawtucket. All federal awards received from federal agencies are included on the Schedule.

### 2. Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented using the accrual basis of accounting.

#### 3. Determination of Major Programs

The determination of major federal awards programs was based upon the overall level of expenditures for all federal programs for the City of Pawtucket. As such, the threshold for determining Type A and Type B programs are defined as those with program expenditures greater than \$300,000 or 3 percent of total expenditures when the total expenditures are over \$10,000,000, or \$607,725. For the fiscal year ended June 30, 2012, the following program was considered to be major programs:

National School Lunch Program	10.555
National School Breakfast Program	10.553
Home Investment Partnerships Program	14.239
Title I	84.010
Title I - ARRA	84.389
E2T2 – Title II - D	84.318
ARRA E2T2 Training Consortium	84.386

#### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable President and Members of City Council City of Pawtucket Pawtucket, Rhode Island

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Pawtucket, Rhode Island as of and for the year ended June 30, 2012, which collectively comprise The City of Pawtucket's basic financial statements and have issued our report thereon dated January 31, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Internal Control Over Financial Reporting

Management of the City of Pawtucket is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the City of Pawtucket's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Pawtucket, Rhode Island's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Pawtucket's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Pawtucket's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the City Council, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Beary P.C.

Providence, Rhode Island January 31, 2013

#### REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Honorable President and Members of City Council City of Pawtucket Pawtucket, Rhode Island

#### Compliance

We have audited the City of Pawtucket, Rhode Island's compliance with the types of compliance requirements described in the U.S. OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of the City of Pawtucket, Rhode Island's major federal programs for the year ended June 30, 2012. The City of Pawtucket's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City of Pawtucket's management. Our responsibility is to express an opinion on the City of Pawtucket's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America: the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal programs occurred. An audit includes examining, on a test basis, evidence about the City of Pawtucket's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City of Pawtucket Rhode Island's compliance with those requirements.

In our opinion, City of Pawtucket complied in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012.

#### Internal Control Over Compliance

Management of the City of Pawtucket, Rhode Island is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City of Pawtucket, Rhode Island's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMBC Circular A-133, but not for the purposes of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Pawtucket, Rhode Island's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the City Council, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2012

#### A. SUMMARY OF AUDITOR'S RESULTS

- The report of independent auditors expressed an unqualified opinion on the financial statements of the City of Pawtucket.
- No significant deficiencies relating to the audit of the financial statements were reported in the Report of Independent Auditors.
- No instances of noncompliance material to the financial statements of the City of Pawtucket were disclosed during the audit.
- No significant deficiencies in internal control over compliance with requirements applicable to major federal programs were identified.
- The report of independent auditors on compliance for the major federal award programs for the City of Pawtucket expresses an unqualified opinion.
- There were no audit findings relative to the major federal award program from the City of Pawtucket.
- 7. The program tested as the major programs include:

National School Lunch Program	10,555
National School Breakfast Program	10.553
Home Investment Partnerships Program	14.239
Title I	84.010
Title I - ARRA	84.389
E2T2 – Title II - D	84.318
ARRA E2T2 Training Consortium	84.386

- The threshold for distinguishing Type A and B programs is described in Note 3 to the Schedule of Expenditures of Federal Awards.
- The City of Pawtucket did not qualify as a low-risk auditee for the year ended June 30, 2012.

#### B. FINDINGS -- RELATED TO AUDIT OF FINANCIAL STATEMENTS

#### Current Year Findings:

None noted.

#### Prior Year Findings:

None noted.

#### CITY OF PAWTUCKET, RHODE ISLAND

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2012

#### C. FINDINGS AND QUESTIONED COSTS RELATING TO FEDERAL AWARDS

Current Year Findings:

None noted.

Prior Year Findings:

2011-1: National School Lunch and Breakfast Applications

National School Lunch Program (CFDA # 10.555) & National School Breakfast Program (CFDA # 10.553)

Criteria: The Pawtucket School Department receives federal funding to assist students with providing free and reduced school lunch and breakfast. At the beginning of the school year, the Pawtucket School Department distributes applications to students who would like to apply for free or reduced food services. These applications are received and processed by the Pawtucket School Department various schools administration to determine which students are eligible to receive free or reduced lunch or breakfast. During our audit, we noted that one school selected for testing, Tolman High School, had discarded all of the fiscal year 2011 applications before we could test these applications for school lunch and breakfast eligibility.

Effect of Condition: The results of our testing identified that ineligible students may be receiving free or reduced school lunch and breakfast.

Condition: Because we could not review the applications for the students selected at Tolman High School, we were unable to determine if such students receiving free or reduced school lunch and breakfast were eligible for such services depending on income levels.

Recommendation: We recommend that the management of the Pawtucket School Department require all schools within the Department to keep all student applications who are receiving free or reduced school lunch or breakfast.

Status: Cleared during fiscal 2012.
