INDEPENDENT AUDITORS' REPORT MANAGEMENT'S DISCUSSION AND ANALYSIS BASIC FINANCIAL STATEMENTS NOTES TO BASIC FINANCIAL STATEMENTS REQUIRED SUPPLEMENTARY INFORMATION OTHER SUPPLEMENTARY INFORMATION

INDEPENDENT AUDITORS' REPORT

To the Honorable President and Members of City Council City of Pawtucket, Rhode Island

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Pawtucket, Rhode Island (the City) as of and for the fiscal year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Pawtucket Business Development Corporation (PBDC), which represents less than one percent, of the assets, net position, and revenues of the City. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for PBDC, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Pawtucket, Rhode Island, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the City of Pawtucket, Rhode Island implemented GASB Statement No. 68, Accounting and Financial Reporting for Pensions – An Amendment of GASB No.27 and GASB Statement No. 71 – Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment of GASB No. 68. As discussed in Note 15 to the financial statements, management analyzed the requirements of GASB No. 68 and 71, and determined that the beginning net position should be restated. The beginning net position has been reduced by \$166,187,774 to reflect the net pension liability as of June 30, 2014. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 17 and budgetary comparison schedules, schedule of changes to City's net pension liability and related ratios and schedule of employer contributions on pages 86 through 106, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Pawtucket, Rhode Island's basic financial statements. The combining and individual nonmajor fund financial statements, and other exhibits, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, and other exhibits are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, and other exhibits are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 8, 2016, on our consideration of the City of Pawtucket, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial control over financial reporting and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Pawtucket, Rhode Island's internal control over financial reporting and compliance.

Marcune LLP

Providence, RI March 8, 2016

MANAGEMENT'S DISCUSSION AND ANALYSIS

÷.

Our discussion and analysis of the City of Pawtucket, Rhode Island's financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2015. This discussion and analysis should be read in conjunction with the City's financial statements that follow this section.

Financial Highlights

- The City's total net position increased by \$8,699,599 as a result of this year's operations. On a government-wide basis, the City's liabilities and deferred inflows of resources for the City exceeded its assets and deferred outflows at the close of the most recent fiscal year by \$133,828,067.
- Net position of business activities increased by \$3,355,914, or 4.4%, while net position of governmental activities increased by \$5,343,685 or 2.5%.
- The City's government-wide (governmental and business activities) operating expenses were \$238,558,937, a 1% increase from the prior year, while revenues collected were \$247,258,536 a 4.8% increase from the prior year.
- As of the close of the fiscal year, the City's governmental funds reported combined ending fund balances of \$32,603,502. Approximately 33% of this amount, \$10,870,665 is unassigned and available for use at the government's discretion.
- The remaining fund balance of \$21,732,837 includes \$1,392,612 in non-spendable funds, \$14,913,620 in restricted funds, \$2,956,396 in committed funds and \$2,470,209 in assigned funds.

New Significant Accounting Standards

For the fiscal year ended June 30, 2015, the City adopted two new statements of financial accounting standards issued by the Governmental Accounting Standards Board (GASB) that relate to pension activity:

- GASB statement No. 68, "Accounting and Financial Reporting for Pensions an amendment of GASB Statement No 27," and
- GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date an amendment of GASB Statement No. 68"

GASB Statement No. 68 (Statement) establishes standards of accounting financial reporting, but not funding or budgetary standards, for the City's defined benefit pension plans. This Statement replaces the requirements of prior GASB statements impacting accounting and disclosure of pensions.

The significant impact to the City of implementing Statement No. 68 is the reporting of the City's unfunded pension liability on the City's full accrual basis of accounting government-wide financial statements and in the enterprise funds. There are also new note disclosure requirements and supplementary schedules required by the Statement.

<u>CITY OF PAWTUCKET, RHODE ISLAND</u>

Management's Discussion and Analysis

New Significant Accounting Standards (continued)

The measurement date for the pension liabilities in the plans administrated by the State of Rhode Island is as of June 30, 2014. This date reflects one year lag and was used so that these financial statements could be issued in an expedient manner. Contributions made by the City subsequent to the measure date are reported as deferred outflows of resources in accordance with Statement No. 71 for these plans.

In order to implement the Statement, the City's June 30, 2014 net position has been restated to reflect the cumulative effect resulting from the implementation of GASB Statement No. 68. The restatement decreased the City's net position by \$166,187,774 to (\$142,527,666). Please refer to Note 11 for more information regarding the City's pensions and Note 14 regarding the restatement.

The adoption of Statement No. 68 has no impact on the City's governmental fund financial statements, which continue to report expenditures equal to the amount of the City's actuarially determined contribution (formerly referred to as the "annual required contribution"). The calculation of pension contributions is also unaffected by this Statement.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. These basic financial statements consist of three components:

- Government wide financial statements
- Fund financial statements
- Notes to financial statements

In addition to the basic financial statements, this report also contains other supplementary information.

The City's basic financial statements and other supplementary financial information provide information about all of the City's activities. They provide both a short-term and a long-term view of the City's financial health as well as information about activities for which the City acts solely as a trustee for the benefit of those outside of the City's government.

Government-wide financial statements - are designed to provide readers with a broad overview of the City's finances in a manner, which is similar to a private-sector business. They are presented on the accrual basis of accounting where revenues and expenses are recognized on the date they occurred rather than on the date they were collected or paid.

The *Statement of Net Position* presents information on all of the City's assets and deferred outflows and liabilities and deferred inflows with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *Statement of Activities* presents information which shows how the City's net position changed during the fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods. Examples are uncollected taxes and earned but unused compensated absences.

Management's Discussion and Analysis

Overview of the Financial Statements (Continued)

Both of the government-wide financial statements distinguish functions of the City, which are supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The City's governmental activities include legislative, judicial and general administrative, financial administration, planning, engineering and inspection, public safety, public works, education and interest on long-term debt. The City's business activities include the Pawtucket Water Supply Board, School Lunch Program and 175 Main St.

The government-wide financial statements are reported on pages 18 through 19.

Fund financial statements – A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories - governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains individual governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances for two funds, the General Fund and School Special Revenue Unrestricted Fund, which are considered to be major funds. Data from the other funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combing statements elsewhere in this report.

The governmental funds financial statements are presented on pages 20 through 23.

The City adopts an annual budget for its General Fund and for its School Unrestricted Revenue Unrestricted Fund. Budgetary comparison statements have been provided for these funds to demonstrate compliance with this budget.

Management's Discussion and Analysis

Overview of the Financial Statements (Continued)

Proprietary Funds - The City's proprietary funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City has three enterprise funds. The Pawtucket Water Supply Board, which accounts for the City's water system; School Lunch Program, which accounts for School Lunch operations; and 175 Main Street, which is an office building. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses an internal service fund to account for health & dental benefits. Because these services predominately benefit governmental rather than business type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Pawtucket Water Supply Board and the School Lunch Fund since they are considered to be major funds of the City. The internal service fund financial statement provides information for health & dental plan benefits.

The basic proprietary fund financial statements are presented on pages 24 through 27.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The fiduciary fund financial statements can be found on pages 28 and 29.

Notes to Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are presented on pages 30 through 85.

Other Information - In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information pertinent to the City's operations. Required Supplementary information is presented on pages 86 through 106.

The combining statements referred to earlier in connection with non-major governmental funds, are presented on pages 107 through 172.

The Agency funds are presented on page 173.

Government-wide Financial Analysis

Analysis of the City of Pawtucket's Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position and an important determinant of its ability to finance services in the future. The City of Pawtucket, governmental activities liabilities and deferred inflows exceeded assets and deferred outflows by \$210,628,115 as of June 30, 2015. This is an increase of \$5,343,685 from the previous year which is a result of the implementation of GASB No. 68 in the year ended June 30, 2015 and the restatement of the June 30, 2014 balances.

Listed below is a comparison of the City's net position for the current and prior fiscal years.

As discussed in Note 1 and Note 14 to the financial statements and the previous financial highlights section, the City restated its 2014 net position to reflect the adoption of GASB No. 68.

The largest portion of the City's net position, \$142,123,441 consists of its net investments in capital assets such as land, buildings and improvements, motor vehicles, furniture and equipment and infrastructure, less any debt used to acquire these assets, which is still outstanding. The City uses these capital assets to provide services to its citizens. Consequently, these assets are not available for future spending. Although the City's net investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves are unlikely to be used to liquidate these liabilities. An additional portion of the City's net position, \$45,042,702 represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net position may be used to meet the government's ongoing obligations to its citizens and creditors. As of June 30, 2015 the City of Pawtucket reports a negative balance in net position for the government as a whole.

Analysis of the City's Operations

Governmental activities increased the City's net position by \$5,343,685 for the current period, while business-type activities increased by \$3,355,914 for the current period. Due to the implementation of GASB No. 68, we had to restate the FY2014 net position ending balance resulting in the new opening net position of (\$215,971,800) for the governmental activities and \$73,444,134 for the business-type activities.

Amounts reported for governmental activities in the statement of activities are different from the amounts reported as fund expenditures. See page 23 for the Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities for a detailed explanation of these differences.

Financial Analysis of the City of Pawtucket's Funds

Governmental Funds - The focus of the City of Pawtucket's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City's governmental funds reported combined ending fund balance of \$32,603,502. Of this amount, \$10,870,665 constitutes net unassigned fund balance. The remainder of the fund balance is classified as follows:

Non-Spendable:	
Perpetual care and endowment permant funds	\$ 1,147,875
School department prepaid items	224,937
City special revenue funds	19,800
Total Non-Spendable fund balance	\$ 1,392,612
Restricted:	
Restricted for City special revenue funds	\$ 1,859,234
Restricted for School Capital projects funds	500,000
Restricted for School medical reservation	1,782,635
Restricted for HUD special revenue funds	350,149
Restricted for general School purposes	205,981
Restricted for School special revenue funds	350,061
Restricted for Capital projects funds	9,865,560
Total Restricted fund balance	\$ 14,913,620
Committed:	
Committed for Charter Reserve	\$ 700,000
Committed for City special revenue funds	1,568,879
Committed for payoff of recycling bins	687,517
Total Committed fund balance	\$ 2,956,396
Assigned	
Assigned for City medical reservation	\$ 1,808,208
Assigned for snow removal	150,000
Assigned for revaluation	512,001
Total Assigned fund balance	\$ 2,470,209
Total	\$ 21,732,837

Proprietary Funds - The City of Pawtucket's proprietary fund statements provide the same type of information as presented in the government-wide financial statements, but in more detail.

Unrestricted net position of the respective proprietary funds are (\$3,377,627).

<u>General Fund Budgeting Highlights for the Fiscal Year Ending</u> June 30, 2015 and June 30, 2014

REVENUE:

<u>Real Estate, Tangible and Auto Taxes</u> – were under budget by \$718,228. Prior year taxes came in slightly lower than budgeted by \$58,890 in total. Current year taxes came in lower than anticipated due to mainly Motor Vehicle as this tends to be cyclical with registrations due every two years. Real Estate tax was under budget by \$435,504 of the variance. Motor Vehicle tax was under budget by \$210,146. Tangible tax was under budget by \$72,578. In prior year comparison, we were under last year by \$1,572,888 due to a decrease in values and collecting a lot of prior year Motor Vehicle taxes in the previous fiscal year.

<u>**Current Other Revenues**</u> – exceeded the budget by \$30,449 and over last year by \$38,584 primarily due to the commercial commission coming in higher than previous year and also higher payment of state realty transfer tax due to a change in the market.

License and Permit Revenue – exceeded the budget by \$95,747 and under last year by \$14,150. The variance for this year is mainly the result of Building, Plumbing, and Inspection fees coming in higher than budgeted. We were slightly under what we collected last year in both licenses and permits.

Intergovernmental Revenue – exceeded the budget by \$287,853 and was over last year by \$322,922. The variance for this year was mainly due to State Mandated Revaluation which was not budgeted for as well as an increase in Meals tax and Auto Phase-out. The variance for last year is due to the legislature giving us more money for Auto Phase-out and Distressed Communities money than the previous year.

<u>Charges for Services</u> – exceeded the budget by \$395,069 and over last year by \$474,344. This year's variance was mainly due to a one time bond premium. The variance for last year is due mainly because of a bond premium, higher rescue fees, and an increase in employee medical copays.

<u>Fines and Forfeitures</u> – exceeded the budget by \$99,205 and over last year by \$64,931. The variance for this year and last year was mainly due to higher snow tow ticket revenue due to the unprecedented snow storms in 2015.

Interest Revenue – exceeded the budget by \$169,534 and under last year by \$191,192. We saw an increase in interest charged for late payment of taxes, as well as an increase in our interest rates due to having more money to invest yielding more interest income. The variance for last year was due to less interest on tax payments being collected.

<u>Other Financing Sources</u> – was over budget by \$711,799 and exceeded last year by \$890,518. The variance for this year is mainly due to recording of a bond premium of \$900,419.

<u>Total Revenue</u> – exceeded the budget by \$1,071,428 mainly due to the increase in intergovernmental and fines and forfeitures as explained above. We are over last year \$13,063.

EXPENSES:

Legislative – The Legislative Department was under budget by \$114,980 and over last year \$271,155.

Board of Canvassers Division – was under budget by \$14,698 and over last year by \$134,800. The variances are mostly due to an election being held during this fiscal year and none last fiscal year.

<u>Library Division</u> – was under budget by \$98,471 and over last year \$106,899. The variances are mostly due to a lag in hiring and also a decrease in the heating line this fiscal year.

There were no material variances in the City Council, City Clerk's, and Probate Court Divisions.

Executive - The Executive Department was under budget by \$67,950 and over last year 26,747.

<u>Mayor's Office</u> – was under budget by 60,377 and under last year 34,226. This was mainly due to a lag in hiring.

Law Department – was under budget by \$6,318 and over last year \$60,725. The variances are mostly due to a lag in hiring and an increase in legal fees this fiscal year.

There was no material variance in the Municipal Court Division.

Finance - The Finance Department was under budget by \$51,050 and over last year \$282,029.

<u>**Tax Assessors Division</u></u> - was over budget by \$157,095 and over last year \$234,898. The variance is mostly due to a state mandated revaluation expense that was not budgeted.</u>**

<u>**Tax Collections Division**</u> – was under budget by \$54,310 and under last year \$13,070. The variance from last year is due to the tax bill consultant and postage being lower than the previous year.

Information Technology Division – was under budget \$52,371 and over last year by \$12,718. This was due to a combination a lag in hiring, and also a savings in our telephone maintenance line due to installation of new lines.

<u>**Personnel Division**</u> – was under budget \$108,361 and over last year by \$9,882. This was mainly due to the HR Directors position being budgeted but unfilled.

There were no other material variances in the Finance Director, Accounting, Purchasing or Payroll Divisions.

Planning - The Planning Department was under budget by \$109,835 and under last year \$80,797.

Zoning & Code Enforcement Division – was under budget by \$107,677 and under last year by \$86,372. The variances were mostly due to lag in hiring and a significant decrease in the Demo/Clearing line item.

There were no significant variances in the Planning, or Development Division.

<u>Public Safety</u> – The Public Safety Department consists of the Police Department, Fire Department, and the Civil Defense Department.

Police – The Police Department was under budget by \$47,369 and over last year by \$913,721.

<u>Uniform Police Division</u> - was over budget by \$69,134 and over last year \$884,910. This year uniform salaries were over budget \$257,606 mainly due to the retro payment of the Arbitration award of 2.5% increase for the FY14 CBA. Restoration was also under budget \$97,585 due to DOT and other vendor payments to use police officer vehicles during road construction. In current year the medical costs for our injured on duty police officers was over budget by \$170,522. The main difference between this year and last year is due to an increased contribution of \$305,019 to the pension plan, increased Medical IOD, and healthcare costs.

<u>**Civilian Police Division</u>** - was under budget by \$45,698 and over last year \$49,096. The variances were mostly due to a decrease in the number of recruits in the academy this year over last year.</u>

<u>Animal Control Division</u> – was under budget by \$70,805 and under last year \$20,285. This was mostly due to a lag in hiring and less veterinarian bills this year.

Fire –The Fire Department was over budget by \$347,859 and over last year \$649,522.

<u>Uniform Fire Division</u> – was over budget by \$430,979 and over last year \$428,968. This year Fire overtime was over budget by \$296,168 while Medical IOD was over budget by \$182,232. The main difference between last year and this year is due to an increased contribution of \$305,019 to the pension plan, increased Medical IOD, and healthcare costs.

<u>**Civilian Fire Division**</u> – was under budget by 43,908 and over last year 266,100. This was mostly due to the hiring of 16 part time positions for dispatchers for the first time this year.

<u>Fire Prevention Division</u> – was under budget by \$39,212 and under last year \$45,546. The variance was mainly due to a lag in hiring and using fire prevention funds to absorb excess overtime.

There were no material differences in the Crossing Guard or Civil Defense Divisions.

Public Works – The Public Works Department was over budget by \$57,848 and over last year \$568,623.

<u>**Public Works Director Division**</u> – was over budget by \$26,156 and over last year \$52,382. The variance is mainly due to a reorganization of personnel within the entire Public Works Department in the previous year.

Engineering Division – was under budget by \$37,536 and under last year \$32,306. The variance is mainly due to a lag in hiring in the current year.

<u>Public Building Maintenance Division</u> – was over budget \$60,723 and over last year \$91,235. The variance is mainly due to an increase in overtime as offices were remodeled and moved this year.

<u>City Hall Maintenance Division</u> – was under budget by \$69,465 and under last year \$19,691. The variance is mainly due to a decrease in the electric and heating bill in the current year.

<u>Sewer Maintenance Division</u> – was under budget by \$48,321 and over last year \$22,173. The variance is mainly due to lower costs for pumping station services and a lower sewer bill.

<u>**Beautification Division**</u> – was under budget by \$22,760 and over last year \$167,744. The variance for this year is due to a lag in hiring and for last year, the variance is mainly due to an increase in the contract and the loss of the school chargeback for refuse services.

Street Cleaning and Snow Removal Division – was over budget by \$295,826 and over last year \$332,251. The variances contributing to being over budget this year were the sand/salt supply line and the snow storm salaries which were higher than the average budgeted. The largest contributing expense over last year was the equipment rental line which was due to the multiple snow storms and having to rent equipment to move the snow off of the streets by pay loaders.

<u>**Parks Division**</u> – was under budget by 65,941 and under last year 28,779. The variance is mainly due to a leave of absence.

There were no other material variances in the Equipment Maintenance, Public Building Maintenance, Transfer Station, Streets and Bridges, Traffic, Recreation, and Daggett Farm Divisions.

<u>Fixed Charges (Non-Departmental Costs)</u> – The Fixed Charges Section were under budget by \$385,025 and under last year by \$507,986.

Debt Service – was under budget by \$423,963 and under last year \$13,925. The main reason for the difference from last year to this year is we budgeted for a new equipment lease which did not happen until December saving us lease principal and interest of \$684,468. We also had a savings due to a refunding of \$434,376.

<u>Operating Insurance</u> – was under budget by \$146,989 and under last year \$76,382. Both variances are mainly due not fully expending our claims and judgments line in the current year.

Interdepartmental Contributions – were under budget by \$224,642 and under last year \$328,734. The main reason for the variance for both this year and last is due to not having to fund the school deficit reduction plan in the amount of \$511,462.

<u>Other Employee Benefits</u> – was over budget by \$53,340 and over last year \$357,519. The major variance for this year was the increase in workers compensation. We also increased our budget for our retiree health care in FY15 by \$154,313.

Fixed Charges – was over budget by \$358,300 and over last year \$569,180. Accrued hours payoff was under budget \$150,228 and over last year \$88,382 due to more retirements in the current year. Arbitration fees were over budget \$69,242 and over last year by \$132,644 due to the police arbitration. We also paid a down payment for the purchase of a building for the school department which was not budgeted of \$200,000.

There were no other material variances in the Contribution Support Division.

<u>Total Expenses</u> – were under budget by 402,289 and over last year 3,160,248. This year's variance is due to some retirements, a lag in hiring, and 1 million was in Debt Service plus 500,000 for school deficit reduction plan as explained above.

The City of Pawtucket's Capital Assets

The City of Pawtucket's investment in capital assets for its governmental and business-type activities amounts to \$307,458,529 net of accumulated depreciation at June 30, 2015. Included are land, building and improvements, construction in progress, motor vehicles, furniture and equipment and infrastructure. Additional information on the City of Pawtucket's capital assets is located in note 4 to the financial statements and can be found on page 46.

City of Pawtucket Capital Assets (Net of Accumulated Depreciation)

Construction in process for governmental activities relate to the City's Slater Park pavilion project and the Blackstone Wall repair project. These projects will be funded by a combination of grant monies and bond debt expected to be issued in the upcoming years. Construction in process for business-type activities relate to Pawtucket Water Supply Board annual water main replacement contracts to be funded from bond proceeds available from bonds issued in fiscal year 2013, and rate revenue restricted for infrastructure improvements. The water transmission and distribution system capital improvements, which will benefit the rate payers for many years, are paid from debt financing on an as needed basis.

Management's Discussion and Analysis

The City of Pawtucket's Capital Assets (Continued)

The City has the following commitments related to construction project contracts at June 30, 2015: City:

	Slater Park Pavilion School Building Purchase	\$ 148,515 <u>\$ 300,000</u> \$ 448,515
PWSE	3: Main Replacement Contract MR-10	\$3,676,469
		<u>\$4,124,984</u>

The City of Pawtucket's Debt Administration

At the end of the current fiscal year, the City of Pawtucket's Governmental Activities had a total bonded debt of \$51,158,658. Of this amount, 100% comprises bonded debt backed by the full faith and credit of the government. The following is a summary of the City's long-term liabilities:

The following is a summary of the City's long-term debt:

City of Pawtucket General Obligation Bonds and Notes Payable

	2015			2014		
	Govermental Activities	Business-Type Activities	Total	Govermental Activities	Business-Type Activities	Total
General obligation bonds	\$ 51,158,658		\$ 51,158,658	\$ 31,512,110		\$ 31,512,110
Bond premiums and capital leases	9,897,418	290,202	10,187,620	6,334,430	304,021	6,638,451
Water and clean water bonds		97,534,230	97,534,230		97,500,787	97,500,787
Notes and loans payable.	7,430,000		7,430,000	12,670,000	884,407	13,554,407
	\$ 68,486,076	\$ 97,824,432	\$ 166,310,508	\$ 50,516,540	\$ 98,689,215	\$ 149,205,755

Additional information on the City's long-term liabilities can be found in note 7 of the Notes to the Financial Statements and on pages 51 through 53.

The City maintains a "Baa2" rating from Moody's and a BBB+; outlook stable, from Fitch for general obligation debt. The State of Rhode Island imposes a limit of 3 percent of the fair value of all taxable City property on the general obligation debt that a municipality can issue. The City of Pawtucket's limit is \$103,461,863 at fiscal year-end. The City's outstanding general obligation debt that is applicable to the debt limit is \$3,500,000 at year-end, which is \$99,961,863 under the State imposed limitation.

Economic Factors and Next Year's Budgets and Rates

The City of Pawtucket's total general fund budget for fiscal year 2016 amounts to \$227,575,201, which reflects an increase of \$8,330,756, or 3.80% more than the fiscal 2015 budget of \$219,244,445. Of the City's 2016 budget \$110,727,236 or 48.7%, is budgeted for educational purposes and \$116,847,965 or 51.3% is budgeted for other purposes.

The City's tax rate for fiscal year 2016 is \$33.61 per thousand for commercial real property, \$21.89 per thousand for residential real property, \$53.30 per thousand for motor vehicles and \$52.09 per thousand for tangible personal property. Taxes for retail/wholesale inventory have been completely phased out.

Request for Information

The financial report is designed to provide our citizens, taxpayers and creditors with a general overview of the City's finances and to show the City's accountability for the tax dollars received. Questions concerning this report, or requests for additional information, should be directed to Ms. Joanna L'Heureux, Finance Director, Pawtucket City Hall, 137 Roosevelt Avenue, Pawtucket, RI 02860, Telephone (401)728-0500.

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS (B-1) TO THE STATEMENT OF NET POSITION (A-1) FOR THE FISCAL YEAR ENDED JUNE 30, 2015

Amounts Reported for Governmental Activities in the Statement of Net Position Differ Because:

Total Net Position (B-1)	\$ 32,603,502
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.	152,645,800
Deferred outflows relating to Pensions are recorded in the statement of net position	15,731,115
Deferred inflows relating to Pensions are recorded in the statement of net position	(15,283,523)
Long-term liabilities and related items are not due and payable in the current period and therefore are not reported as liabilities in the governmental funds. Long-term liabilities (net of premiums) at year-end consist of:	
Bonds payable	(51,158,658)
Loans payable	(230,000)
Bond premium	(898,869)
Capital leases Compensated absences	(8,987,680) (7,976,495)
Unearned revenues (net of an allowance for uncollectible) are recorded in the funds, but are not deferred under the measurement focus employed in the Statement of Net Position.	6,292,036
Accrual for net OPEB obligation	(90,253,231)
Accrual for net pension liability	(241,600,615)
Accrual for net pension obligation	(723,088)
Accrued interest payable is recorded in government activities, but is not recorded in the funds.	(788,409)
Total Net Position (A-1)	\$ (210,628,115)

The accompanying notes are an integral part of these financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Pawtucket, Rhode Island (the City), have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The government's significant accounting policies are described below.

REPORTING ENTITY

The City of Pawtucket is a municipal corporation governed by a Council/Mayor form of government with a nine member City Council headed by a Council President. In some matters, including the issuance of short and long-term debt, the general laws of the State of Rhode Island govern the City. The City provides the following services: Public Safety (police, fire, traffic safety, inspections, zoning and building), Public Works (sanitation, highways and streets, engineering and building maintenance), Parks and Recreation, Education, Social Services, and General Administrative Services.

The definition of the financial reporting entity is based upon the concept that elected officials are accountable to their constituents for their actions. One of the objectives of financial reporting is to provide users of financial statements with a basis for assessing the accountability of the elected officials. The financial reporting entity consists of the City, organizations for which the City is financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The City is financially accountable for a component unit if it appoints a voting majority of the organization's governing board and it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the City.

The Pawtucket Business Development Corporation is a nonprofit corporation whose purpose is to promote the growth of business and industry in Pawtucket through loans to local businesses. It is discretely presented as a component unit. Complete financial statements for the Pawtucket's Business Development Corporation may be obtained at their administrative office at 137 Roosevelt Ave, Pawtucket, RI 02860.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

RECENTLY ISSUED ACCOUNTING STANDARDS

The City has implemented the following governmental accounting standards during fiscal year ended June 30, 2015:

- ✓ GASB Statement No. 68 Accounting and Financial Reporting for Pensions An Amendment of GASB Statement No. 27, effective for the fiscal year ending June 30, 2015.
- ✓ GASB Statement No. 71 Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment to GASB Statement No. 68, effective for the fiscal year ending June 30, 2015.

The City will adopt the following new accounting pronouncement in future years:

- ✓ GASB Statement No. 72 *Fair Value Measurement and Application*. The requirements of this statement are effective for financial statements for reporting periods beginning after June 15, 2015.
- ✓ GASB Statement No. 73 Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. The provisions in Statement 73 are effective for fiscal years beginning after June 15, 2015 – except those provisions that address employers and governmental nonemployer contributing entities for pensions that are not within the scope of Statement 68, which are effective for fiscal years beginning after June 15, 2016.
- ✓ GASB Statement No. 74 Financial Reporting for Postemployment Benefits Other Than Pensions The provisions in Statement 76 are effective for reporting periods beginning after June 15, 2015.
- ✓ GASB Statement No. 75 Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions – The provisions in Statement 75 are effective for fiscal years beginning after June 15, 2017.
- ✓ GASB Statement No. 76 The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments, effective for fiscal year ending June 30, 2016.
- ✓ GASB Statement No. 77 Tax Abatement Disclosures, effective for the City's fiscal year ending June 30, 2016.
- ✓ GASB Statement No. 78 Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans, effective for the City's fiscal year ending June 30, 2016.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

RECENTLY ISSUED ACCOUNTING STANDARDS (CONTINUED)

- ✓ GASB Statement No. 79 Certain External Investment Pools and Pool Participants, effective for the City's fiscal year ending June 30, 2016.
- ✓ GASB Statement No. 80 Blending Requirements for Certain Component Units an amendment of GASB Statement No. 14, effective for the Authority's fiscal year ending June 30, 2017.

The expected impact of these pronouncements on the City's financial statements has not been determined.

BASIS OF PRESENTATION

Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, deferred outflows, liabilities, deferred inflows, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a) Total assets and deferred outflows, liabilities and deferred inflows, revenues, or expenditures/expenses of that individual, governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b) Total assets, liabilities, revenues, or expenditures/expenses of the individual, governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

In addition to funds that meet the major fund criteria, any other governmental or enterprise fund that the government's officials believe is particularly important to financial statement users (for example, because of public interest or inconsistency) may be reported as a major fund.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

GOVERNMENTAL FUNDS

General Fund

The General Fund is the primary operating fund of the City and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Special Revenue Funds

- Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally or administratively restricted, committed or assigned to expenditures for certain purposes for the City and School.
- HUD Funds are used to account for resources restricted, committed or assigned for the acquisition or assistance with urban development projects or other related items.

Capital Project Funds

Capital Project Funds are used to account for resources restricted, committed or assigned for the acquisition or construction of specific capital projects or items.

Permanent Funds

The Permanent Funds account for assets held by the City pursuant to trust agreements. The principal portion of this fund type must remain intact, but the earnings may be used to achieve the objectives of the fund.

Proprietary Funds

Proprietary funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. Operating revenues of the Proprietary Funds consist of customer/taxpayer charges for uses and services and certain other miscellaneous revenues. All other revenues of the Proprietary Funds are considered non-operating sources of revenue. Operating expenses for the enterprise funds includes costs of providing services, including administration and depreciation on capital assets. All other expense items not meeting the above criteria is reported as non-operating expenses.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FIDUCIARY FUNDS (NOT INCLUDED IN GOVERNMENT-WIDE STATEMENTS)

Fiduciary Funds

Fiduciary Funds are used to report assets held by the City in a trustee or agency capacity and, therefore, cannon be used to support the City's own programs. The following fiduciary funds are used by the City:

Agency Funds

Agency funds account for assets held by the City in a purely custodial capacity. The reporting entity includes five agency funds. Since agency funds are custodial in nature (i.e. assets equal liabilities), they do not involve the measurement of results of operations. The agency funds for the City are those funds relating to the Student Activity Funds.

Pension Trust Fund

The Pension Trust Fund is used to account for funds that are to be used for the payment of retirement benefits to former police and fire employees.

MAJOR FUNDS

The funds further classified as major are as follows:

Fund	Brief Description					
<i>Governmental:</i> General Fund:	See above for description					
School Unrestricted Fund	This fund is used to report all financial transactions of the Pawtucket School Department, except those legally or administratively required to be accounted for in other funds.					
<i>Proprietary:</i> School Lunch:	Fund accounts for lunch operations at all the schools.					
Water Supply Board	This fund accounts for the City's water system.					

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MEASUREMENT FOCUS

On the government-wide Statement of Net Position and the Statement of Activities both governmental and business-like activities are presented using the economic resources measurement focus as defined in item (b) below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- (a) All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and deferred outflows and liabilities and deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period. The City considers property taxes as available if they are collected within 60 days after year end.
- (b) All proprietary funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of net income, financial position and cash flows. All assets and deferred outflows and liabilities and deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.
- (c) Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

BASIS OF ACCOUNTING

In the government-wide Statement of Net Position and Statement of Activities both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflows and liabilities and deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BASIS OF ACCOUNTING (CONTINUED)

All proprietary funds, private purpose trust funds and agency funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Amounts reported as program revenues include charges to customers or applicants for goods, services or privileges provided and operating grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

Cash and Cash Equivalents

For purposes of the cash flow statement, the proprietary funds consider all investments with original maturities of three months or less when purchased to be cash equivalents.

Investments

The City's cash and cash equivalents consist of cash on hand, demand deposits, money market accounts and short-term investments with original maturities of three months or less from the date of acquisition.

Accounts Receivable

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include property taxes, other receivables and intergovernmental receivables. Business-type activities report service fees as its major receivables.

In the fund financial statements, material receivables in governmental funds include revenue accruals such as property taxes and grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis. Proprietary fund material receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivables are based upon historical trends and the periodic aging of accounts receivable. The allowance for uncollectible taxes receivable accounts amounted to \$3,500,000 at June 30, 2015. Major receivable balances for the governmental activities include property taxes and intergovernmental receivables 26% and 31%, respectively, of total governmental receivables. Business-type activities report service fees as its major receivables.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

Inventories

Inventories are stated at cost (using the average cost method) and are recorded as expenditures when consumed.

Capital Assets

The accounting treatment over capital assets depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

In the government-wide financial statements, capital assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets, which are recorded at their estimated fair value at the date of donation. Library collections, capital assets that are not being depreciated, are placed into service using the replacement method of cost for any new assets and the expense is charged to depreciation expense in the year of acquisition. As of June 30, 2015, the City's infrastructure assets have been capitalized and reported within the financial statements.

The City defines capital assets as assets with an individual cost of more than \$10,000 and an estimated useful life in excess of five years. Such assets are recorded at historical cost or estimated historical costs (for certain assets acquired prior to 1960). Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets (retroactive to January 1, 1979) is included as part of the governmental capital assets reported in the government-wide statements. Donated assets are recorded at estimated fair market value at the date of donation.

The Pawtucket Water Supply Board's (PWSB in the Enterprise Funds) assets are used as collateral for water improvement revenue bonds.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

Capital Assets (Continued)

Depreciation of all exhaustible capital assets is recorded, as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Autos and information processing equipment	5
Trucks	8
Equipment, furniture and fixtures	10
Heavy Equipment	25
Buildings, infrastructure, water lines and fire hydrants	39 1/2
Sewer mains and certain water assets	75-100

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed in governmental funds. Open encumbrances at year-end are closed out and reevaluated at the beginning of the following fiscal year.

Property Taxes

The City is responsible for assessing, collecting, and distributing property taxes in accordance with enabling State legislation.

All property taxes for fund statement purposes are recognized in compliance with Section P70, "Property Taxes" of the Codification of Governmental Accounting and Financial Reporting Standards on the Fund statements.

The City's fiscal 2015 property taxes were levied in July of 2014 on assessed valuation as of December 31, 2013. Upon levy, taxes are billed quarterly and are due on July 15, October 15, January 15, and April 15. Failure to mail payments by due dates will result in lien on taxpayer's property. Assessed values are established by Tax Assessor's Office and are currently calculated at 100% of assessed value for real estate and 100% of market value for motor vehicles. The most recent assessment of all real estate was completed as of December 31, 2013.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

Compensated Absences

Under the terms of various contracts and agreements, City employees are granted vacation and sick leave in the varying amounts based on length of service. The City's policy is to recognize the cost of the vacation and sick leave in governmental funds when paid, and on the accrual basis in proprietary funds. For Governmental Fund Types accrued compensated absences are presented as a current liability for those amounts expected to be paid with current financial resources. In governmental funds compensated absence expenditures are only reported when matured. For those compensated absences not to be paid with current financial resources the liability is recorded in the Statement of Net Position of the Government-wide Financial Statements. See Note 7 for amounts due and payable at June 30, 2015. For Proprietary Fund Types accrued compensated absences are recorded as a liability within those funds. In past years and in future fiscal years the general fund has been used to liquidate the liability for compensated absences in governmental funds other than those which are liabilities on proprietary funds.

Judgments and Claims

Liabilities for legal cases and other claims against governmental funds are recorded when the ultimate liability can be estimated and such cases are expected to be liquidated with expendable available financial resources. Proprietary fund types record these liabilities using the accrual basis of accounting.

Bond Issuance Costs

As a result of adopting GASB No. 65, bond issuance costs are recognized as expenses in the current period.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Employees' Retirement System plan (ERS) and the Municipal Employees' Retirement System plan (MERS) and additions to/deductions from ERS/MERS' fiduciary net position have been determined on the same basis as they are reported by ERS/MERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position and/or balance sheet may report deferred outflows of resources. Deferred outflow of resources represents a consumption of net position, that apply to a future period which will not be recognized as an outflow of resources (expense/expenditure) until that later date. At June 30, 2015 the City of Pawtucket, Rhode Island reports deferred outflows related to pension items in the government-wide statement of net position. The total of \$16,374,798 for deferred outflow of resources related to pension results from the portion of the employer's contributions made in the current fiscal year, but after the measurement date, but not expended until future years. At June 30, 2015, the City has deferred outflows of resources, as shown on the Statement of Net Position – Proprietary Funds, attributable to the Pawtucket Water Supply Board in the amount of \$80,370 related to deferred losses on refunding bonds, determined as the difference between the reacquisition price and net carrying amount of the refunded debt. The deferred loss is amortized over the remaining life of the old debt, prior to refunding, or the life of the new debt, whichever is shorter, using the effective interest method.

In addition to liabilities, the statement of net position and/or balance sheet can report deferred inflows of resources. Deferred inflows of resources represent the acquisition of net position that applies to a future period and which will not be recognized as an inflow of resources (revenue) until a later date. At June 30, 2015 the City of Pawtucket, Rhode Island had two items qualifying as a deferred inflow of resources in the governmental funds balance sheet. Unavailable tax revenue represents taxes receivables which are assessed on December 31, 2013 and prior and is not collected within 60 days of June 30, 2015. Net unavailable tax revenue included in the fund financial statements was \$6,292,036 at June 30, 2015. This amount is deferred and will be recognized as an inflow of resources in the years in which the amounts become available. The City also reports a deferred inflow of resources totaling \$16,354,328 related to pension items results from differences between expected and actual experience, changes in assumptions or other inputs. These amounts are deferred and include in pension expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension plan (active employees and inactive employees).

Self-Insurance

The City's self-insurance costs for health and general liabilities are accounted for in the City's internal service funds. Claims incurred but not paid, including those which have not been reported, are accounted for as expenses and accrued claims in those funds when a liability has been incurred.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

Interfund Transactions

Non-reciprocal interfund activities:

- Interfund transfers are reported in governmental funds as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers. In proprietary funds, transfers are reported after nonoperating revenues and expenses.
- Interfund reimbursements are repayments from the fund responsible for particular expenditures or expenses to other funds that initially paid for them. Reimbursements are not displayed separately within the financial statements.
- Interfund transactions are accounted for as expenditures/expenses when they constitute reimbursements from one fund to another. These transactions are recorded as expenditures/expenses in the reimbursing fund and are recorded as reductions of expenditures/expenses in the fund receiving the reimbursement. All other interfund transactions are reported as transfers.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

Net Position/Fund Balance Classifications:

Government-wide Statements

Net position is displayed in three components:

- (a) Net investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- (b) Restricted net position Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- (c) Unrestricted net position All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Financial Statements

Governmental fund equity is classified as fund balance in accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. Fund balance is classified as non-spendable, restricted, committed, assigned or unassigned as described below:

- <u>Non-Spendable</u> the amount of fund balance that cannot be spent because it is either not in spendable form or there is a legal or contractual requirement for the funds to remain intact. At the end of each fiscal year, the Finance Director will report the portion of the fund balance that is not in spendable form as Non-Spendable on the annual financial statements.
- <u>Restricted</u> the amount of fund balance that can only be spent on specific expenditures/expenses due to constraints on the spending because of legal restrictions, outside party creditors, and grantor/donor requirements. The City's restricted fund balance amounts are considered to have been spent when an expenditure/expense has been incurred satisfying such restriction. At the end of each fiscal year, the Finance Director will report restricted fund balance amounts that have applicable legal restrictions per GASB No. 54.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

Net Position/Fund Balance Classifications (Continued):

Fund Financial Statements (Continued)

- <u>Committed</u> the City Council, as the City's highest level of decision-making authority, may commit fund balance for specific purposes pursuant to constraints imposed by formal actions taken, such as an ordinance or resolution. These committed amounts cannot be used for any other purpose unless the City Council removes or changes the specific use through the same type of formal action taken to establish the commitment. This constraint must be imposed prior to the fiscal year end, but the specific amount may be determined at a later date. At the end of each fiscal year, the Finance Director will report committed fund balances that have been committed by self-imposed actions by the City of Pawtucket's City Council.
- <u>Assigned</u> the amounts that are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed, should be reported as assigned fund balance. The City does not maintain a spending policy in accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definition* therefore any remaining positive portion of unassigned fund balance cannot be considered assigned.
- <u>Unassigned</u> the amount of fund balance that remains from residual positive net resources of the General Fund in excess of what can properly be classified in one of the other four categories, not subject to any constraints or intended use, no external or self-imposed limitations, no set spending plan and are available for any purposes. Unassigned fund balance is commonly used for emergency expenditures not previously considered. In addition, the resources classified as unassigned can be used to cover expenditures for revenues not yet received. At the end of each fiscal year, the Finance Director will report the portion of the unassigned fund balance. It is also used to report negative fund balances in other governmental funds.

Proprietary fund equity is classified the same as in the government-wide statements.

Net Position Flow Assumption

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted resources are available for use, it is the City's policy to consider restricted-net position to have been depleted before unrestricted-net position is applied.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance Flow Assumption

Sometimes the City will fund outlays for particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last, unless the City Council has provided otherwise in its commitment or assignment actions by either ordinance or resolution.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities including disclosures of contingent assets and liabilities and reported revenues, expenses and expenditures during the fiscal year.

NOTE 2 – BUDGETARY DATA AND BUDGETARY COMPLIANCE

Prior to the passage of the annual budget ordinance, the Council adopts a capital program and capital budget. The capital budget ordinance shows in detail the capital expenditures intended to be made or incurred in the next fiscal year that are to be financed from bond proceeds. These funds are subject to control or appropriation by the Council and must be in full conformity with that part of the capital program applicable to the year which it covers. The Council may amend the capital budget ordinance, but no amendment is valid which does not conform to the capital program. At least 25 days prior to the end of the fiscal year, the budget is legally adopted.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

LEGAL DEBT MARGIN

The City's legal debt margin as set forth by State Statute is limited to three percent of total assessed value which approximates \$3,448,728,766 based on the December 31, 2013 assessment. As of June 30, 2015, the City's debt is under the debt limit by \$99,961,863 subject to the Maximum Aggregate Indebtedness provision (3% Debt Limit) of the Rhode Island General Laws 45-12-2. All other City debt has been incurred through special statutory authority which consists of approval by the legislature and voter referendum.

DONOR RESTRICTED ENDOWMENTS

The City has received certain endowments of Library and Cemetery maintenance. The amounts are reflected in the net position and restricted for perpetual care and endowments. Investment income is approved for the expenditure by the various boards of the benefiting activities and is included in the nonspendable fund balance.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 5 - CASH, CASH EQUIVALENTS AND INVESTMENTS

<u>Deposits</u>: The City maintains deposits in various financial institutions that are carried at cost except for those amounts which are carried as petty cash. The carrying amount of deposits is separately displayed on the balance sheet as "Cash and Cash Equivalents".

<u>Investments</u>: Investments of all idle funds are made through national banks or trust companies, providing that the financial conditions and integrity of the institutions are verifiable and can be monitored. The investment of funds must be in direct obligations of the United States Government and "money market instruments" rated "A" or better. Investments in any one institution cannot exceed five (5) percent of that institutions capital and surplus as set forth in the institutions most recent audited financial statements.

<u>Interest Rate Risk</u>: The City limits its exposure to fair value losses arising from changes in interest rates by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations. This policy avoids the need to sell securities on the open market prior to maturity. The City invests operating funds primarily in shorter-term securities, money market funds, or similar investment pools.

<u>Concentrations</u>: The City's investment policy is to maintain a diversified portfolio to minimize the risk of loss resulting from over concentration of assets in a specific maturity.

Cash and Cash Equivalents	
Deposits with financial institutions	\$ 44,667,140
Investments	
Government and agency obligations	39,495,216

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 5 – CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

Custodial Credit Risk

At June 30, 2015, the carrying amount of the City's deposits was \$42,914,479, while the bank balance was \$52,443,559, all of which was covered by federal depository insurance or collateralized by the financial institutions and /or third parties in the name of the City.

Reconciliation to Government-wide Statement of Net Position	
Unrestricted cash, including time deposits	\$ 44,667,140
Restricted cash, including time deposits	19,114,441
Total Cash	63,781,581
Less Fiduciary funds cash, including time deposits (not included in the government-wide statements)	 (4,759,720)
Total Cash and Cash Equivalents on A-1	\$ 59,021,861

Interest Rate Risk: This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates.

<u>Credit Risk</u>: Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. The City has no investment policy that would limit its investment choices due to credit risk other than State Statutes governing investments in obligations of any State or political subdivision or in obligations of the State of Rhode Island or political subdivision.

Information about the exposure of the City's debt type investments to interest rate and credit risk using the segment time distribution model is as follows:

		Investn					
Type of Investment	Moody's Rating	Less Than 1 Year		1-10 Years	Over 10 Years		Total
U.S. Government and agency obligations U.S. Treasuries	Not Available Aaa	\$ 5,471,002	\$	35,139,682	\$ 4,355,534	\$	39,495,216 5,471,002

NOTE 7 - LONG-TERM LIABILITIES (CONTINUED)

(b) Debt Service

Payments on all long-term debt and other long-term liabilities that pertain to the City's governmental activities are made by the Debt Service Fund and General Fund. The General Fund typically has been used in prior years to liquidate the liability for compensated absences.

On June 23, 2011, the City Council approved an ordinance authorizing the City to use accumulated funds for the Pawtucket School Department deficit reduction plan in fiscal year 2011. This ordinance allowed the City to transfer accumulated fund balances in various funds to the City's General Fund. The Cemetary Perpetual Care permanent fund, transferred \$500,000 to the General Fund, \$350,000 of which was deemed a loan that shall be repaid to the permanent fund in equal payments in the amount of \$40,000 per year for a period of ten years beginning in fiscal year 2013. This loan payable, in the amount of \$230,000, is included the government-wide long term debt obligations.

TOTALS	\$ 98,399,342	\$ 40,924,471	\$	139,323,813

(c) Advanced Refundings and Defeased Debt

On November 19, 2014, the City issued \$7,685,000 of General Obligation Bonds with an average interest rate of 3.00% to advance refund \$25,080,000 of outstanding 2001 and 2005 Series bonds dated 7/1/2001 and 7/1/2005, respectively, with an interest rate ranging from 3.25% to 6%. As a result of the advance refunding, the City saw an economic gain over the life of the bonds of \$412,125, which is the net difference of the increase to principal of \$70,000 offset by interest savings of \$482,125. The difference between the carrying amount of the new debt and the payoff of the old was written off due to the balance being insignificant.

Proceeds of refunding bonds were deposited into an irrevocable escrow trust. The trust is held by an independent trustee and is invested in obligations of the United States Government which mature and bear interest in such amounts and at such times as will be sufficient to pay the principal and interest of the defeased bonds upon maturity. Accordingly, the escrow trust fund, as well as the defeased bonds, are not reflected in the financial statements of the City of Pawtucket, Rhode Island.

As of June 30, 2015, the in-substance defeased bonds outstanding were \$7,615,000 and were excluded from the accompanying financial statements.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 8 - TAX & BOND ANTICIPATION NOTES

At June 30, 2014, the City had a BAN payable dated November, 2013 in the amount of \$12,400,000 with interest at an annual rate of 2.5%. This note was due and paid on approximately November, 2014. Activity of the City's BAN obligations was as follows for the fiscal year ended June 30, 2015.

 Balance 6/30/2014 Additions Retirement		Retirements	Balance 6/30/2015			
\$ 12,400,000	\$	7,200,000	\$	12,400,000	\$	7,200,000

The City issued a Bond Anticipation Note, dated June 16, 2015, in the amount of \$7,200,000 with an interest rate of 0.69%. The notes maturity date is June 15, 2016.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 9 - FUND EQUITY

(a) Fund Balance Classifications

In accordance with GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the Town has classified governmental fund balances at June 30, 2015 as follows:

Non-Spendable:		
Perpetual Care and Endowment permanent funds	\$	1,147,875
School department prepaid items		224,937
City special revenue funds	_	19,800
Total Non-Spendable fund balance	\$	1,392,612

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 9 - FUND EQUITY (CONTINUED)

(b) Transfers In and Out

The principal purpose of interfund transfers is to provide a financing source to various funds that may not have the ability to cover all costs with revenue generated by the fund. The composition of interfund transfers for the year ended June 30, 2015 is as follows:

Fund/Department	Transfers From Other Funds		Transfers To Other Funds	
General Fund	\$ 154,630	\$	30,575,666	
School Unrestricted Fund	31,855,984			
Special Revenue Funds	340,939		203,443	
HUD Special Revenue Funds	125,000		514,242	
Capital Project Funds	514,242		125,000	
Internal Service funds	210,191	_	1,782,635	
Totals	\$ 33,200,986	\$	33,200,986	

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 9 – FUND EQUITY (CONTINUED)

(c) Disclosure of Individual Fund Deficits

Funds with deficit fund balances as of June 30, 2015 were as follows:

City Special Revenue Funds:	
FY13 Cert (Fed)	\$ 626
EMA Special Operations	557
Details Private Company Reimbursements	5,102
Blackstone Wall Rep 2	144,313
Slater Park Pavilion	408,690
Vets Park Restroom	33,165
HUD Restricted Funds:	
Plaza Shops City	13,390
Visitors Center City	4,067
School Special Revenue Funds:	
Wireless Classroom Initiative	309,975
Capital Projects Funds:	
CH134/111 PL2014 School	60,905
CH477/428 PL2012 School Renovate & Equip School Building	485,233
State Pier Town Landing	12,412
River Corridor Dev. Plan	5,798
Leap 1 Federal And State	1,090
Leap 2 State	13,802
Nea Our Town Grant	 6,924
Total	\$ 1,506,049

Slater Park Pavilion and the Vets Park Restroom will be funded by a combination of grant monies and bond debt expected to be issued in the coming year and specifically for recreation. The school project deficits will be grant funded in the next year when the projects reach the milestone completion percentages. Deficit for all other major and non-major governmental fund activities will be funded through the General Fund, a major governmental activities fund, and bond issuance.

NOTE 10 - BONDS AUTHORIZED BUT UNISSUED

Bonds authorized but unissued at June 30, 2015 were \$43,100,500 to be used for capital project funds.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11 – DEFINED BENEFIT PENSION PLANS

All eligible employees of the City are covered by one of three pension plans: the Municipal Employees' Retirement System of the State of Rhode Island, a hybrid plan with a defined contribution component for certain employees (Municipal Plan); the Employees' Retirement System of Rhode Island (Teachers' Plan); or the Police and Firefighters Pension Plan, a contributory defined benefit plan with two components: the Pre-Fiscal 1974 component (Old Plan) and the Post-Fiscal 1974 component (New Plan). The Municipal Plan covers all full-time City and non-certified School Department general employees. The Teachers' Plan covers all School Department personnel certified by the Rhode Island Department of Education who are or have been engaged in teaching or administration as a principal occupation. The Police and Firefighters Pension Plan is mandatory for employees of the City who are covered under a collective bargaining agreement between the City and the Pawtucket Fire Fighters Independent Union and the City and the Pawtucket Lodge No. 4, Fraternal Order of Police.

In November 2011, the State enacted the Rhode Island Retirement Security Act of 2011 (RIRSA), which made broad changes to the Teachers' Plan and Municipal Plan effective July 1, 2012. The most significant changes include changing the structure of the retirement program from a traditional defined benefit plan to a hybrid plan designed with a smaller defined benefit plan and a supplemental defined contribution plan; changing the automatic cost of living adjustment (COLA) from a CPI-related formula to a formula contingent on the actual investment performance over time; suspension/reduction of the COLA during times when the funded ratio is lower than targeted 80% levels; and the re-amortization of the Unfunded Actuarial Accrued Liability (UAAL) to 25 years from the 19-year schedule as of June 30, 2010. For the Teachers' Plan, teachers not covered by Social Security will participate in additional defined contribution allocations equal to 2% member plus 2% employer. Included within these significant changes are certain rules for transitioning from the prior defined benefit structure to the smaller defined benefit plan going forward. The changes in the defined benefit plan instituted by RIRSA have been fully reflected in the actuarial valuation as of June 30, 2012.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11A – DEFINED BENEFIT PENSION PLANS - POLICE & FIRE DEPARTMENT CITY PLAN

General Information about the Pension Plan

Plan Description - The City administers a single employer defined benefit pension plan for Police and Fire Employees. The Plan has two components: the Pre-Fiscal 1974 component (Old Plan) and the Post-Fiscal 1974 component (New Plan). The Old Plan covers police officers who were hired prior to July 1, 1973 and firefighters who were hired prior to July 1, 1972. The New Plan covers all police officers and firefighters who are not covered under the Old Plan. The Old Plan is unfunded while the New Plan is prefunded. The Police and Firefighters Pension Plan does not issue stand-alone financial reports.

Summary of Significant Accounting Policies

Basis of Accounting – The Police and Firefighters Pension Plan is administered by the City, and is accounted for on the accrual basis of accounting. Revenues (contributions and investment income) are recognized when they are earned and expenses (benefits, administration and refunds) are recognized when they are due and payable in accordance with the terms of the Plan.

Method Used to Value Investments – Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value. There are no investments of 5% or greater in any one organization.

Funding Policy (Old Plan only) – Each fiscal year, the City pays into the pension plan a sum equal to the actual benefit payout of the Plan for that year. As the Old Plan matures, the amounts payable each year, in general, will decrease until paid in full. The City at present is not intending to create a pool of assets to cover these projected costs but rather will allow this Plan to run its course. Because there are no active employees in the Old Plan and because the diminishing contributions and funds for payment are built into the taxpayer's rate and budget, the Plan will not add additional burden to future taxpayers and, thus, will continue as is until completion.

Benefits provided – The Police and Firefighters Pension Plan provides pension benefits, and death and disability benefits. Mandatory retirement age under the Plan is 65. Members are vested in their benefits after 10 years of service, accruing 2.5% for each year of service up to and including their 20th year, with a benefit equal to 50% of the member's final average compensation. A member is entitled to an additional 2% of final average compensation or each year of service over 20 years, not to exceed 10 years or 70%. Details specific to each group are as follows:

<u>Police</u> –Final average compensation is defined as the highest 3 year average salary rate over the last 10 years. Police members who had 23 years and 4 months of service as of July 1, 2014 shall be entitled to additional pension benefit of 3 2/3% for each year of service up to a maximum of 70%. This additional benefit shall begin to accrue from July 1, 2013.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11A - DEFINED BENEFIT PENSION PLANS - POLICE & FIRE DEPARTMENT CITY PLAN (CONTINUED)

Summary of Significant Accounting Policies (Continued)

Benefits provided (Continued)

<u>Firefighters</u> – Firefighter members hired before May 1, 2013 retiring after 20 years of credited service are also entitled to an additional retirement benefit of 3% of the member's base for each year of service over 20 years, but not to exceed an additional 3 years and 4 months, and 2% for each year of service thereafter, with a maximum retirement benefit of 70%. Firefighter members hired after May 1, 2013 retiring after 20 years of credited service are entitled to an additional retirement benefit of 2% of the member's Base for each year of service over 20 years, with a maximum retirement benefit of 70%. Firefighter members hired after May 1, 2013 retiring after 20 years of credited service are entitled to an additional retirement benefit of 2% of the member's Base for each year of service over 20 years, with a maximum retirement benefit of 70%. Final average compensation is defined as the latest 3 year average salary rate.

Any member that withdraws from service prior to retirement (10 years) is entitled to a refund in a single sum of the amount of contribution made to the Plan with interest at 4%. The payment of a refund under the provisions automatically affects a waiver and forfeiture of all accrued rights and benefits on the part of the member.

Employees that become totally and permanently disabled are eligible for a benefit equal to 66 2/3% of the employee's pay at the time the disability occurs, plus an additional 10% for each dependent child of the employee until the child reaches the age of 21, with a maximum total disability benefit not to exceed 80% of the employee's pay at the time of the occurrence of the disability. The disability benefit will continue until the employee reaches normal retirement, at which time the member will receive the normal retirement benefit.

In the event that an employee dies prior to retirement and is survived by a spouse or children, the spouse is entitled to a pension benefit equal to 50% (30% for Old Plan members) of the employee's highest or final salary plus an additional 10% for each dependent child less than 21 years of age. The benefit cannot exceed a total of 70% (50% for Old Plan members) of the member's highest or final salary. The benefits will continue during the lifetime of the spouse or until he/she remarries.

Cost of Living Adjustments are equal to 1% to 3% annually depending on the member's date of retirement and collective bargaining agreement the member is covered by.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11A - DEFINED BENEFIT PENSION PLANS - POLICE & FIRE DEPARTMENT CITY PLAN (CONTINUED)

Employees Covered By Benefit Terms.

At the June 30, 2015 valuation date, the following employees were covered by the benefit terms:

	New Plan	Old Plan
Retirees, disability retirees and beneficiaries		
receiving benefits	386	38
Active plan members vested	286	0
Totals	672	38

Contributions – Employee and Employer contribution requirements are established and may be amended by City Council ordinance or union contract.

Eligible police and fire employees hired before May 1, 2013 are required to contribute 7.5% of their salary to the Plan. Employees hired after May 1, 2013 contribute 9%. Firefighters and police contribute 8% beginning on July 1, 2014, increasing to 8.5% effective July 1, 2015, and 9% commencing July 1, 2016 in accordance with Collective Bargaining Agreements as of July 1, 2014 and the approved Funding Improvement Plan.

The City establishes employer contributions based on an actuarially determined contribution recommended by an independent actuary. The actuarially determined contribution is the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2015, the City contributed \$12,996,379 in the year ended June 30, 2015 which was 66.9% of annual covered payroll.

All of the Old Plan participants are now retirees or beneficiaries. The City pays the benefits of the Old Plan on a pay-as-you go basis through an annual budgetary appropriation. For the year ended June 30, 2015, the City paid \$489,382.

Net Pension Liability - The total pension liability was determined by actuarial valuations performed as of June 30, 2015, using the following actuarial assumptions, applied to all periods included in the measurement.

NOTES TO FINANCIAL STATEMENTS

Actuarial Assumptions and Methods

Summary of Actuarial Assumptions Used in the Valuations to determine the Net Pension Liability / Obligation at the July 1, 2015 Valuation Date					
Actuarial Cost Method	Entry Age Normal - the Individual Entry Age Normal Actuarial Cost methodology is used.				
Amortization Method	Level Percent of Payroll – Closed				
Equivalent Single Remaining Amortization Period	20 years at June 30, 2015				
Actuarial Assumptions					
Investment Rate of Return	7.50%				
Projected Salary Increases	Police & Fire Employees - 2.00% to 11.00%				
Inflation	3.00%				
Mortality	It is assumed that both pre-retirement and post retirement mortality are represented by the RP-2000 combined mortality table adjusted to Blue Collar (male tables) with 1 year setback, and Scale AA improvement through 2011. Disabled mortality is assumed to follow The RP-2000 combined mortality table adjusted to blue Collar male tables) set forward 1 year for males and 2 years for females, and Scale AA improvement through 2011.				
Cost of Living Adjustments	COLA's vary from 0%-3% depending on the date of retirement, compounded annually. Under the new plan provisions for active Members, the COLA begins at the earlier of age 55 and 10 years following retirement. For the period FYE14 through FYE16, no COLAs will be made to the benefits for current retirees.				

The actuarial assumptions used in the June 30, 2015 valuation were consistent with the results of an actuarial experience study performed as of June 30, 2014. The actuarial assumptions noted above were used for both the old plan and the new plan.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11A – DEFINED BENEFIT PENSION PLANS - POLICE & FIRE DEPARTMENT CITY PLAN (CONTINUED)

Actuarial Assumptions and Methods (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method on which best estimates ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return and by adding inflation.

The City determined 7.5% as the long term expectation of investment returns. The average return for the past 5 years ending June 30, 2015 exceeded 7.5%. The June 30, 2015 expected geometric returns over the long term by asset class as developed by the City's investment consultant, which are utilized by the actuary and summarized below. Best estimates of rates of return for each major asset class included in the pension plan's target allocation as of June 30, 2015 are summarized in the following table:

Asset Class	Long-Term Expected Rate of Return, Net of Inflation	Long-Term Expected Rate of Return	
Equities	6.25%	9.25%	
Government Fixed Income	1.50%	4.50%	
Corporate Fixed Income	3.00%	6.00%	
Cash	0.00%	3.00%	

Discount rate – The discount rate was selected based on a projection of employer and employee contributions, benefit payments, expenses and the long term expected rate of return on Plan assets. Rhode Island law requires locally administered plans to adopt a plan to become fully funded by 2042. Based on these laws and assumptions, the pensions plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Rate of return – For the year ended June 30, 2015, the annual money weighted rate of return on pension plan investments, net of pension plan investment expense, was 6.02%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11B - DEFINED BENEFIT PENSION PLANS - GENERAL MUNICIPAL EMPLOYEES

General Information about the Pension Plan

Plan Description - The Municipal Employees' Retirement System (MERS) – an agent multiple-employer defined benefit pension plan - provides certain retirement, disability and death benefits to plan members and beneficiaries. MERS was established under Rhode Island General Law and placed under the management of the Employee's Retirement System of Rhode Island (ERSRI) Board to provide retirement allowances to employees of municipalities, housing authorities, water and sewer districts, and municipal police and fire persons that have elected to participate. Benefit provisions are subject to amendment by the General Assembly.

MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the ERSRI website at <u>www.ersri.org</u>.

Benefits provided – For general employees prior to June 30, 2012 the Plan provided retirement benefits equal to 2% of a member's final average salary multiplied by the number of years of total service up to a maximum of 75%. Such benefits are available to members at least age 58 with 10 years of service or after 30 years of service at any age. Benefits accrued at June 30, 2012 are protected under the Rhode Island Retirement Security Act until it is exceeded by the member's full years of service credit, including service after June 30, 2012, multiplied by the average of five consecutive years of compensation. Effective July 1, 2012 the retirement age will mirror the Social Security Normal Retirement Age not to exceed age 67. Members will receive a benefit accrual of 1.0% per year based on the five-year average compensation.

Joint and survivor options are available as well as the Service Retirement Allowance (SRA) Plus option that provides for the payment of a larger benefit before the attainment of age sixty-two (62) and a reduced amount thereafter. The reduced amount is equal to the benefit before age sixty-two (62), including cost-of-living increases, minus the member's estimated social security benefit payable at age sixty-two (62).

As of June 30, 2012 members will continue to have a frozen benefit accrual of 2.0% per year for a standard 25 year with any age and out plan; 2.5% for a standard 20 year with any age and out plan. Effective July 1, 2012 the optional 20 and 25 year with retirement at any age plans have been eliminated. The benefit accrual for all plans will be 2.0% per year based on the five-year average compensation, exclusive of overtime. The actuarially reduced benefit will be calculated based on how close the member is to the eligibility date that is prescribed in the Rhode Island Retirement Security Act.

The Plan also provides survivor's benefits; and certain lump sum death benefits.

Plan members are vested after five years of service.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11B – DEFINED BENEFIT PENSION PLANS – GENERAL MUNICIPAL EMPLOYEES (CONTINUED)

Benefits provided (Continued)

An optional cost-of-living provision may be elected for general employees. The Cost of Living Adjustment (COLA) has been suspended for any unit whose funding level is less than 80%. The COLA provision can be reviewed in a five-year interval. When the funding level of a plan exceeds 80% funded eligible retirees may receive a COLA annually effective on their date of retirement plus one month.

The COLA will be calculated as the five (5) year smoothed investment rate of return less 5.50%, with a 0.00% floor and a 4.00% cap. For general employee units, COLA will be delayed until the later of the Social Security Normal Retirement Age or three years after retirement. The COLA will be applied to the first \$25,000 of benefits indexed annually.

The Plan also provides nonservice-connected disability benefits after 5 years of service; service-connected disability pensions with no minimum service requirement.

Employees covered by benefit terms.

At the June 30, 2013 valuation date, the following employees were covered by the benefit terms:

	From Valuation	
Retirees, disability retirees and beneficiaries	v unution	
receiving benefits	693	
Active plan members vested	496	
Total	1,189	

Contributions - The amount of employee and employer contributions have been established under Rhode Island General Law Chapter 45-21. General employees are required to contribute 2% of their salaries. The (City of Pawtucket) contributes at a rate of covered employee payroll as determined by an independent actuary on an annual basis. The General Assembly can amend the amount of these contribution requirements. The (City of Pawtucket) contributed \$3,175,546 in the year ended June 30, 2015 which was 16.39% of annual covered payroll.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11B – DEFINED BENEFIT PENSION PLANS – GENERAL MUNICIPAL EMPLOYEES (CONTINUED)

Net Pension Liability - The total pension liability was determined by actuarial valuations performed as of June 30, 2013 and rolled forward to June 30, 2014, using the following actuarial assumptions, applied to all periods included in the measurement.

Summary of Actuarial Assumptions Used in the Valuations to determine the Net Pension Liability at the June 30, 2014 measurement date (June 30, 2013 valuation rolled forward to June 30, 2014)

Actuarial Cost Method	Entry Age Normal - the Individual Entry Age Actuarial Cost methodology is used.
Amortization Method	Level Percent of Payroll - Closed
Equivalent Single Remaining Amortization Period	21 years at June 30, 2014
Actuarial Assumptions	
Investment Rate of Return	7.50%
Projected Salary Increases	General Employees - 3.50% to 7.50%; Police & Fire Employees - 4.00% to 14.00%
Inflation	2.75%
Mortality	Male employees, MERS General and MERS P&F: 115% of RP-2000 Combined Healthy for Males with White Collar adjustments, projected with Scale AA from 2000.
Cost of Living Adjustments	 Female Employees, MERS General and MERS P&F: 95% of RP-2000 Combined Healthy for Females with White Collar adjustments, projected with Scale AA from 2000. COLA is equal to the average five-year fund asset performance (percent) greater than 5.5% up to a maximum of 4% - the COLA is to be applied to the first \$25,000 of benefits, indexed over time. COLA is delayed until the latter of Social Security eligibility age or 3 years after retirement except for MERS Police and Fire for which the COLA is delayed until the latter of age 55 or 3 years after retirement. A 2% COLA is assumed after January 1, 2014. Collar adjustments, projected with Scale AA from 2000.

The actuarial assumptions used in the June 30, 2013 valuation rolled forward to June 30, 2014 and the calculation of the total pension liability at June 30, 2014 were consistent with the results of an actuarial experience study performed as of June 30, 2013. The City allocated the proportionate share of the net pension liability to the Pawtucket Water Supply Board based on contributions.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11B – DEFINED BENEFIT PENSION PLANS – GENERAL MUNICIPAL EMPLOYEES (CONTINUED)

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on forward-looking medium-term (10 year) capital market return assumptions developed by eight investment consulting firms. The June 30, 2014 expected arithmetic returns over the medium term by asset class as developed by the State Investment Commission's investment consultant, which are generally consistent with the averages utilized by the actuary, are summarized in the following table:

		Medium-Term	
	Target	Expected Real	
Asset Class	Allocation	Rate of Return	
Global Equity	38%	6.05%	
Private Equity	7%	9.05%	
Equity Hedge Funds	8%	4.75%	
Absolute Return Hedge	7%	2.95%	
Real Return	14%	3.85%	
Real Estate	8%	4.50%	
Core Fixed	15%	0.25%	
Asset	3%	-0.50%	
	100%	_	

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall medium-term expected rate of return best-estimate on an arithmetic basis. To arrive at the long-term expected return estimate, the actuary adjusts the medium-term number to reflect the longer 30-year time frame required for actuarial calculations. This process produces the actuarial expected return, which is based on a 30-year horizon, and can differ from the medium-term, 10-year-horizon return expectations.

Discount rate - The discount rate used to measure the total pension liability of the plans was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Defined Contribution Plan Description:

Employees participating in the defined benefit plan, as described above, also participate in a defined contribution plan authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants. Employees contribute 5% of their annual covered salary and employers contribute 1% of annual covered salary. Employee contributions are immediately vested while employer contributions and any investment earnings thereon are vested after three years of contributory service. Benefit terms and contributions required under the Plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11B – DEFINED BENEFIT PENSION PLANS – GENERAL MUNICIPAL EMPLOYEES (CONTINUED)

As previously indicated in the disclosure of recently-enacted pension legislation, the employer contribution for certain qualifying employees will increase slightly beginning in fiscal 2016.

Amounts in the defined contribution plan are available to participants in accordance with Internal Revenue Service guidelines for such plans.

The City of Pawtucket recognized pension expense of \$193,718 for the fiscal year ended June 30, 2015.

The Employees Retirement System of Rhode Island (System) issues a publicly available financial report that includes financial statements and required supplementary information for plans administered by the System. The report may be obtained at http://www.ersri.org.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11C - DEFINED BENEFIT PENSION PLANS - TEACHERS

General Information about the Pension Plan

Plan description - Certain employees of the Pawtucket School District participate in a cost-sharing multipleemployer defined benefit pension plan - the Employees' Retirement System plan - administered by the Employees' Retirement System of the State of Rhode Island (System). Under a cost-sharing plan, pension obligations for employees of all employers are pooled and plan assets are available to pay the benefits of the employees of any participating employer providing pension benefits through the Plan, regardless of the status of the employers' payment of its pension obligation to the Plan. The Plan provides retirement and disability benefits and death benefits to plan members and beneficiaries.

The System issues a publicly available financial report that includes financial statements and required supplementary information for the plans. The report may be obtained at http://www.ersri.org.

Benefit provisions – The level of benefits provided to participants is established by Chapter 36-10 of the General Laws, which is subject to amendment by the General Assembly. Member benefit provisions vary based on service credits accumulated at dates specified in various amendments to the General Laws outlining minimum retirement age, benefit accrual rates and maximum benefit provisions. In general, members accumulate service credits for each year of service subject to maximum benefit accruals of 80% or 75%. For those hired after June 30, 2012, the benefit accrual rate is 1% per year with a maximum benefit accrual of 40%. Members eligible to retire at September 30, 2009 may retire with 10 years of service at age 60 or after 28 years of service at any age. The retirement eligibility age increases proportionately for other members reflecting years of service and other factors until it aligns with the Social Security Normal Retirement Age, which applies to any member with less than 5 years of service as of July 1, 2012. Members are vested after 5 years of service.

The Plan provides for survivor's benefits for service connected death and certain lump sum death benefits. Joint and survivor benefit provision options are available to members.

Cost of living adjustments are provided but are currently suspended until the collective plans covering state employees and teachers reach a funded status of 80%. Until the plans reach an 80% funded status, interim cost of living adjustments are provided at five-year intervals.

The Plan also provides nonservice-connected disability benefits after five years of service and service-connected disability benefits with no minimum service requirement.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11C – DEFINED BENEFIT PENSION PLANS – TEACHERS (CONTINUED)

Contributions – The funding policy, as set forth in the General Laws, Section 16-16-22, provides for actuarially determined periodic contributions to the Plan. For fiscal 2015, Pawtucket School District teachers were required to contribute 3.75% of their annual covered salary. The State and the Pawtucket School District are required to contribute at an actuarially determined rate, 40% of which is to be paid by the State and the remaining 60% is to be paid by Pawtucket School Department; the rates were 9.19% and 13.41% of annual covered payroll for the year ended June 30, 2015 for the State and Pawtucket School District, respectively. The Pawtucket School District contributed \$7,714,780, \$6,905,831 and \$6,349,887 for the years ended June 30, 2015, 2014 and 2013, respectively, equal to 100% of the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2015, the Pawtucket School District reported a liability of \$80,955,350 for its proportionate share of the net pension liability that reflected a reduction for contributions made by the State. The amount recognized by the Pawtucket School District as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the Pawtucket School District were as follows:

Pawtucket School District proprionate share of net	
pension liability:	\$ 80,955,350
State's proportionate share of the net pension liability associated with the Pawtucket School District:	55,514,813
Total net pension liability	\$ 136,470,163

The net pension liability was measured as of June 30, 2014, the measurement date, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2013 rolled forward to June 30, 2014. The Pawtucket School District proportion of the net pension liability was based on a projection of the Pawtucket School District long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State, actuarially determined. At June 30, 2014 the Pawtucket School District's proportion was 3.32602042%.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11C - DEFINED BENEFIT PENSION PLANS - TEACHERS (CONTINUED)

Subsequent to June 30, 2014 (the measurement date), litigation challenging the various pension reform measures enacted in previous years by the General Assembly (2009, 2010, and 2011) was settled. The final settlement approved by the Court on July 8, 2015 also included enactment of the pension settlement provisions by the General Assembly.

The amended benefit provisions in the newly enacted legislation and settlement agreement have not been reflected in the determination of the net pension liability at June 30, 2014 (the measurement date). These amended benefit provisions are summarized below:

- Employees with more than 20 years of service at July 1, 2012 will increase their employee contribution rate from 3.75% to 11% and participate solely in the defined benefit plan going forward service credit accruals will increase from 1% to 2% per year.
- Employees with more than 10 but less than 20 years of service at July 1, 2012 will receive an increased employer contribution to the defined contribution plan.
- Retirees as of June 30, 2015 will receive two \$500 stipends; the interim cost of living increases will occur at 4 year rather than 5 year intervals.
- Minor adjustments were made to the actuarial reduction for employees choosing to retire early.

These amendments are not considered to have a material effect on the net pension liability had they been retroactively applied to the calculation of the total pension liability at June 30, 2013 rolled forward to June 30, 2014. An actuarial analysis of the pension settlement provisions enacted by the General Assembly and approved by the Court indicated that the funded ratio at June 30, 2014 for teachers (determined on a funding basis) decreased from 59.6% to \$58.2%.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11C - DEFINED BENEFIT PENSION PLANS - TEACHERS (CONTINUED)

For the year ended June 30, 2015 the Pawtucket School District recognized gross pension expense of \$9,486,871 and revenue of \$3,859,172 for support provided by the State. At June 30, 2015 the Pawtucket School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred outflows of resources Contributions subsequent to the measurement date:	\$ 7,714,780
Deferred inflows of resources Changes of assumptions:	\$ (2,867,593)
Net difference between projected and actual earnings on pension plan investments: Total	\$ (6,971,122) (9,838,715)

The \$7,714,780 reported as deferred outflows of resources related to pensions resulting from the Pawtucket School District contributions in fiscal year 2015 subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	Net Deferred Outflows of Resources		let Deferred (Inflows) f Resources
2016	\$	7,714,780	\$ (2,148,783)
2017		-	(2,148,783)
2018		1(2)	(2,148,783)
2019			(2,148,783)
2020		1.71	(406,002)
Thereafter		-	(837,581)
Total	\$	7,714,780	\$ (9,838,715)

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11C - DEFINED BENEFIT PENSION PLANS - TEACHERS (CONTINUED)

Actuarial Assumptions - the total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary increases	3.50% to 6.50%
Investment rate of return	7.50%

Mortality – male and female teachers: 97% and 92%, respectively of rates in a GRS table based on male and female teacher experience, projected with Scale AA from 2000.

The actuarial assumptions used in the June 30, 2013 valuation rolled forward to June 30, 2014 and the calculation of the total pension liability at June 30, 2014 were consistent with the results of an actuarial experience study performed as of June 30, 2013.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on forward-looking medium-term (10 year) capital market return assumptions developed by eight investment consulting firms. The June 30, 2014 expected arithmetic returns over the medium term by asset class as developed by the State Investment Commission's investment consultant, which are generally consistent with the averages utilized by the actuary, are summarized in the following table:

		Medium-Term
Asset	Target	Expected Real
Class	Allocation	Rate of Return
Global Equity	38%	6.05%
Private Equity	7%	9.05%
Equity Hedge Funds	8%	4.75%
Absolute Return Hedge	7%	2.95%
Real Return	14%	3.85%
Real Estate	8%	4.50%
Core Fixed	15%	0.25%
Asset	3%	-0.50%
	100%	

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11C – DEFINED BENEFIT PENSION PLANS – TEACHERS (CONTINUED)

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall medium-term expected rate of return best-estimate on an arithmetic basis. To arrive at the long-term expected return estimate, the actuary adjusts the medium-term number to reflect the longer 30-year time frame required for actuarial calculations. This process produces the actuarial expected return, which is based on a 30-year horizon, and can differ from the medium-term, 10-year-horizon return expectations.

Discount rate - the discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension liability to changes in the discount rate - the following presents the net pension liability calculated using the discount rate of 7.5 percent as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

1.00% DecreaseCurrent Discount(6.5%)Rate (7.5%)		1.00% Increase (8.5%)
\$ 101,386,571	\$ 80,955,350	\$ 60,104,899

Pension plan fiduciary net position - detailed information about the pension plan's fiduciary net position is available in the separately issued ERSRI financial report.

Defined Contribution Plan Description:

Employees participating in the defined benefit plan, as described above, also participate in a defined contribution plan authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants. Employees contribute 5% of their annual covered salary and employers contribute 1% of annual covered salary. Employee contributions are immediately vested while employer contributions and any investment earnings thereon are vested after three years of contributory service. Benefit terms and contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 11C – DEFINED BENEFIT PENSION PLANS – TEACHERS (CONTINUED)

As previously indicated in the disclosure of recently-enacted pension legislation, the employer contribution for certain qualifying employees will increase slightly beginning in fiscal 2016.

Amounts in the defined contribution plan are available to participants in accordance with Internal Revenue Service guidelines for such plans.

The Pawtucket School District recognized pension expense of \$542,663 for the fiscal year ended June 30, 2015.

The System issues a publicly available financial report that includes financial statements and required supplementary information for plans administered by the system. The report may be obtained at http://www.ersri.org.

NOTE 12 – OTHER POST-EMPLOYMENT BENEFITS

Plan description:

The City provides post-retirement benefits to retired individuals as required by union contracts with City municipal employees, teachers, School department administrators (through age 65), police officers, and firefighters through a single-employer defined benefit plan (OPEB). Benefits include: (1) full health coverage for the retiree and their spouse, and (2) full dental coverage for the retiree and their spouse. The City obtains a biennial actuarial valuation report which can be obtained from the City's Finance Director at City Ha11, 137 Roosevelt Avenue, Pawtucket, Rhode Island 02860.

Valuation:

An actuarial valuation study of the other postemployment benefits of the City was performed by Sherman Actuarial Services, LLC as of July 1, 2015; the results are based on a discount rate of 4.0%.

Covered participants:

At July 1, 2015, membership consisted of:

Active Non-School Department receiving benefits Active School Department receiving benefits Inactive vested members Retired, disabled, beneficiaries and survivors —Non teachers Retired, disabled, beneficiaries and survivors —School Department

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 12 – OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Funding policy:

The City paid 100% of the amount for medical and dental costs incurred by eligible retirees. Employee contributions are recognized in the period to which the contribution relates. Benefit payments are charged to expense in the period paid.

Annual OPEB cost and net OPEB obligation:

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan for the past three years and the net OPEB obligation as of June 30, 2013, 2014 and 2015 are as follows:

 Years ended June 30,	OF	PEB Cost	% of annual OPEB cost contributed	Net OPEB obligation
2013	\$ 2	20,008,292	65%	\$ 76,908,776
2014	\$ 1	7,850,863	72%	\$ 81,867,496
2015	\$ 1	9,892,562	50%	\$ 91,783,487

Actuarial methods and assumptions:

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and annual required contributions are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The valuation of the postemployment medical and life insurance benefits is based upon the projected unit credit actuarial cost method. A normal cost (or service cost) is determined for each year of the member's creditable service and is equal to the value of the future expected benefits divided by the total expected number of years of service. The actuarial accrued liability is the accumulated value of prior normal costs.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 12 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Actuarial methods and assumptions (continued):

<u>Actuarial cost method</u> - Costs are attributed between past and future service using the projected Unit Credit Cost method. Benefits are attributed ratably to service from date of hire until full eligibility date.

Interest rate/discount rate - 4.0%per year, net of investment expenses.

Mortality:

Actives - 65% of Post-Retirement Mortality (based on the Employee's Retirement System of Rhode Island report).

Retirees - Non-Teachers: 1994 Group Annuity Table set forward one year (based on the Employee's Retirement System of Rhode Island report).

Disabled - All but police and fire: Males: 65% of PBGC Tab Va; Females: 100% of PBGC Table Via (based on the Employee's Retirement System of Rhode Island report); police and fire: PBGC Table 11 for males and PBGC Table 12 for females.

<u>Eligibility for Vested Post-Retirement Medical benefits upon Withdrawal</u> - Employees who withdraw from employment and do not retire are ineligible for postretirement benefits even if they are vested in their retirement benefits.

Medical eligibility - Employees: 100%; Spouses: 100%.

<u>Participation rates</u> - 95% of future retirees are assumed to participate in the retiree medical plan. 30% of future school retirees are assumed to participate in the dental plan. 90% of future Public Safety retirees are assumed to participate in the dental plan.

Expenses - Administrative expenses are included in the per capita medical cost assumption.

<u>Eligibility for Benefits</u> - Current employees of the City who retire with a benefit from the Pawtucket Retirement Board, as well as their beneficiaries, and retirees of the City, as well as their beneficiaries and spouses, are eligible for benefits. The spouses of current employees are eligible for benefits if the current employees are covered under the police, fire, and teacher plans.

Medical Benefits - Various medical and dental plans offered by the City to its employees.

<u>Retiree Contributions</u> - Based on date provided by the City. Applicable to teachers only.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 12 – OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Funding status and funding progress:

Annual required contribution Interest on OPEB		\$	19,664,769 3,274,700
Adjustment to annual required contribution			(3,046,907)
Annual OPEB cost			19,892,562
Premiums paid			(9,976,571)
Increase (decrease) in net OPEB obligation:			
Governmental activities	9,824,429		
Business-type activities	91,562	-	9,915,991
Net OPEB obligation, beginning of year			81,867,496
Net OPEB obligation, end of year		\$	91,783,487

City contributions to the plan for the year ended June 30, 2015 represented 50% of the annual OPEB cost. The difference represents the City's OPEB obligation to the plan and has been accrued as a liability in the government-wide financial statements.

The required supplementary information which follows the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. Listed below are the details of the funding progress of the OPEB obligation with a valuation date of July 1, 2015, which is the most recent report available from the actuary who values this plan.

Actuarial value of assets	\$

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 13 – CONTINGENCIES AND COMMITMENTS

Litigation

During the ordinary course of its operations, the City is a party to various claims, legal actions and complaints, and adequately provides for losses and accrues liabilities for losses when they are both probable and can be reasonable estimated.

The City is involved in the early stages of litigation with several plaintiffs relating to tax assessment appeals, personal injuries and contract disputes. The outcomes of the cases are not known at this time. Management is rigorously defending the cases and has calculated the range of potential liability, after applying the City's insurance deductible, if the City should not prevail to be between \$0 and \$2,310,000. As it is not probable that a liability has been incurred, no liability has been recorded in the accompanying financial statements.

Challenges to Police and Fire Pension Funding Improvement Plan (FIP) – A number of police and fire retirees filed a class action lawsuit to contest the freezing of the Cost of Living Adjustment (COLA) for a period of three years, per the City Council approved FIP. The City intends to vigorously contest the lawsuit. As part of the State's Pension Commission, all locally administered pension plans had to submit a FIP to the State in order to comply with RI Gen. Law 45-65-6 (2). The plan had to include emerging from "critical status" within 20 years. As part of the City's FIP, the retirees would not receive their annual COLA's for 3 years, July 1st 2014, 2015, and 2016, but the COLA would resume on July 1, 2017. Currently, the discovery on this case is ongoing and the City is preparing to both litigate the action and seek resolution, through the settlement process. As of June 30, 2015 the City has saved the pension plan a total of \$271,700 of COLA payments and will save another \$509,739 as of June 30, 2016 but not paying the COLA payments. This also effects the unfunded pension liability, which in turn effects the Actuarially Required Contributions (ARC). The actuarial valuation of the police and fire pension plan assumes that the COLA freeze is in place for the 3-years, if it were not, the unfunded pension liability would increase by \$28 million and the ARC would increase by \$2.1 million as estimated by the actuary.

Property and liability insurance

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; and natural disasters. As a result, the City participates in anon-profit, public entity risk pool (Rhode Island Interlocal Risk Management Trust, Inc.) (the Trust) which provides coverage for property and liability claims. Upon joining the Trust, the City signed a participation agreement which outlines the rights and responsibilities of both the Trust and the City. The agreement states that for premiums paid by the City, the Trust will assume financial responsibility for the City's losses up to the maximum amount of insurance purchased, minus the City's deductible amounts. The Trust provides this insurance coverage through a pooled, self-insurance mechanism which includes reinsurance purchased by the Trust to protect against large, catastrophic claims above the losses the Trust retains internally for payment from the pooled contributions of its members. Under the participation agreement, the City is insured for a maximum of \$4,000,000 per occurrence. Settled claims resulting from these risks have not exceeded the Trust coverage in any of the past three fiscal years. There were no significant reductions in insurance coverage during the year ended June 30, 2015. At June 30, 2015, the Trust's estimated reserves on open claims not subject to coverage amounted to approximately \$1,800,000, which the City could be liable for.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 13 – CONTINGENCIES AND COMMITMENTS (CONTINUED)

Grants

The City has received federal and state grants for specific purposes that are subject to audit by the grantors or their representatives. Such audits could lead to requests for reimbursement to the grant agency for expenditures disallowed under terms of the grant. City officials believe such disallowances, if any, would be immaterial.

NOTE 14 – RISK MANAGEMENT

The City of Pawtucket is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; injuries to employees; and natural disasters for which the City carries commercial insurance. Settled claims resulting from these risks have not exceeded the City's coverage in any of the past three fiscal years and there have been no significant reductions in insurance coverage from the prior year. The City maintains an internal service fund for Health/Dental (medical) insurance, which is a cost plus health and dental plan that has a self-insurance mechanism with a stop gap maximum claim amount at \$300,000.

The claims liability reported in the internal service fund at June 30, 2015 is based on the requirements of GASB Statement No. 10 and 30, which require that a liability for estimated claims incurred but not reported be recorded. The amount of claim accrual is based on the ultimate costs of settling the claim, which include past experience data, net of estimated subrogation recoveries. The claim accrual does not include other allocated or unallocated claims adjustment expenses. Billings from the Internal Service Fund to City funds for the year ended June 30, 2015 were approximately \$32,015,000 which represented approximately \$16,873,000 and \$15,142,000 for City and School Department personnel, respectively. At June 30, 2015 and 2014 the City has estimated a liability for incurred but not reported claims (IBNR) based on actual claims paid subsequent to year end but related to claims incurred prior to June 30, 2015 and 2014 as follows:

	2015	2014
IBNR at beginning of year	\$ 1,988,274	\$ 1,708,959
Claims incurred during the year	32,015,039	33,196,137
Claims paid during the year	(32,475,025)	(32,916,822)
\ IBNR at end of year	\$ 1,528,288	\$ 1,988,274

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 15 - RESTATEMENT

Based on the implementation of GASB 68, Financial Accounting and Reporting for Pensions – an amendment of GASB Statement No. 27 and GASB Statement No. 71 – Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment to GASB Statement No. 68. These standards are required to be implemented retrospectively. The opening net position was adjusted for the net pension liability as noted below.

	Primary Government						
	(Governmental Activities	В	Business-type Activities		Total	
Net position as reported, June 30, 2014	\$	(55,173,191)	\$	78,833,299	\$	23,660,108

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

Budget preparation and budgetary basis of accounting:

In accordance with the City Charter, the Mayor must present to the City Council a recommended annual budget for the operations of all municipal departments prior to the commencement of each fiscal year. The recommended budget must include an appropriation to fund school expenditures in excess of their anticipated revenues as requested by the Superintendent and approved by the School Committee. Estimates of sums expected to become available from federal and state grants for the support of the public schools shall be included in the total requested for school expenditures. The City Council shall appropriate these funds for expenditure by the School Committee, and shall appropriate such additional funds from local tax revenues as may be required to meet the total school budget which the City Council approves. The School Committee shall not have the authority to obligate the City financially beyond the total budgetary amount voted by the City Council. The City Council can change only the total amount of the School Committee's recommended budget. The City Council can increase the total amount of the total budget, as presented by the Mayor, only if it makes provisions for increasing anticipated revenue to match increases in expenditures in the budget.

The General Fund and the School Unrestricted Fund annual operating budgets are in conformity with the legally enacted budgetary basis. The legally enacted budgetary basis differs from accounting principles generally accepted in the United States of America (U.S. GAAP) in several regards. Budgets are adopted on the modified accrual basis with certain exceptions. Budgetary revenues may include appropriations from fund equity previously recognized under U .S. GAAP. Budgetary expenditures may include provisions to build fund balance.

The accompanying Statement of Revenues, Expenditures/Expenses (GAAP or Budgetary Basis Non-GAAP) presents comparisons of the legally adopted budget with actual data on a budgetary basis. Because accounting principals applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with GAAP, a reconciliation of resultant basis, entity and timing differences in the excess (deficiency) of revenues and other financial resources over expenditure/expenses and other uses of financial resources for the year ended June 30, 2015 is presented below:

(a) Budgetary to GAAP Basis Reconciliation

The following reconciliation summarizes the difference for the City's General Fund between budgetary and GAAP basis accounting principles for the year ended June 30, 2015:

Excess revenues and other sources over expenditures and other uses (Non-GAAP Budgetary Basis)	\$	1,473,717
Provision to reserve fund balance	-	200,000
Excess of revenues and other sources over expenditures (GAAP)	\$	1,673,717

E-5

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

The following reconciliation summarizes the difference for the School's Unrestricted Fund between budgetary and GAAP basis accounting principles for the year ended June 30, 2015:

	Revenues	Other Financing Sources (Uses)		
Budgetary basis, June 30, 2015	\$ 77,021,305	\$ 106,189,211	\$ 31,855,984	
On-behalf pension contribution	4,543,015	4,543,015		
Capital lease transaction		473,184	473,184	
GAAP basis, June 30, 2015	\$ 81,564,320	\$ 111,205,410	\$ 32,329,168	

Budget compliance:

Appropriations in addition to those contained in the annual operating budget require City Council approval. Amendments to the operating budget that do not result in additional appropriations may be made within departments by means of transfer. Transfers made within and outside the departmental level require City Council approval. The level at which the General Fund and School Unrestricted Fund budgeted expenditures may not legally exceed appropriations is at the department level. Unexpended appropriations lapse at fiscal year-end, but unexpended capital and special appropriation have historically been carried forward.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

FOR THE YEAR ENDED JUNE 30, 2015

Police and Fire Retirement System

Summary of Actuarial Assumptions Used in the Valuation to determine the Net Pension Liability / Obligation at the July 1, 2015 Valuation Date

Actuarial Cost Method	Entry Age Normal - the Individual Entry Age Normal Actuarial Cost methodology is used.
Amortization Method	Level Percent of Payroll – Closed
Equivalent Single Remaining Amortization Period	20 years at June 30, 2015
Actuarial Assumptions	
Investment Rate of Return	7.50%
Projected Salary Increases	Police & Fire Employees - 2.00% to 11.00%
Inflation	3.00%
Mortality	It is assumed that both pre-retirement and post retirement mortality are represented by the RP-2000 combined mortality table adjusted to Blue Collar (male tables) with 1 year setback, and Scale AA improvement through 2011. Disabled mortality is assumed to follow The RP-2000 combined mortality table adjusted to blue Collar male tables) set forward 1 year for males and 2 years for females, and Scale AA improvement through 2011.
Cost of Living Adjustments	COLA's vary from 0%-3% depending on the date of retirement, compounded annually. Under the new plan provisions for active Members, the COLA begins at the earlier of age 55 and 10 years following retirement. For the period FYE14 through FYE16, no COLAs will be made to the benefits for current retirees.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

FOR THE YEAR ENDED JUNE 30, 2015

Municipal Employers' Retirement System

Summary of Actuarial Assumptions Used in the Valuations to determine the Net Pension Liability at the June 30, 2014 measurement date (June 30, 2013 valuation rolled forward to June 30, 2014)

Actuarial Cost Method	Entry Age Normal - the Individual Entry Age Actuarial Cost methodology is used.
Amortization Method	Level Percent of Payroll – Closed
Equivalent Single Remaining Amortization Period	21 years at June 30, 2014
Actuarial Assumptions	
Investment Rate of Return	7.50%
Projected Salary Increases	General Employees - 3.50% to 7.50%; Police & Fire Employees - 4.00% to 14.00%
Inflation	2.75%
Mortality	Male employees, MERS General and MERS P&F: 115% of RP-2000 Combined Healthy for Males with White Collar adjustments, projected with Scale AA from 2000.
	Female Employees, MERS General and MERS P&F: 95% of RP-2000 Combined Healthy for Females with White Collar adjustments, projected with Scale AA from 2000.
Cost of Living Adjustments	COLA is equal to the average five-year fund asset performance (percent) greater than 5.5% up to a maximum of 4% - the COLA is to be applied to the first \$25,000 of benefits, indexed over time. COLA is delayed until the latter of Social Security eligibility age or 3 years after retirement except for MERS Police and Fire for which the COLA is delayed until the latter of age 55 or 3 years after retirement. A 2% COLA is assumed after January 1, 2014. Collar adjustments, projected with Scale AA from 2000.

FOR THE YEAR ENDED JUNE 30, 2015

Other Postemployment Benefit Obligation

Summary of Actuarial Assumptions Used in the Valuations to determine the Other Postemployment Obligation at July 1, 2015

Actuarial Cost Method	Projected Unit Credit. Benefits are attributed ratably to service from date of hire until full eligibility date. Full eligibility date is assumed to be first eligibility for retiree medical benefits
Amortization Method	30-year level percent of pay assuming 3.25% aggregate annual payroll growth, open basis for Pay-as-You-Go. The amortization period is 30 years for all future valuations.
Healthcare Cost Trend Rate	Ranges from 6.5% - 4.5% for the years 2015 - 2020, decreasing 0.5% from year to year.
Participation	95% of future retiress are assumed to participate in the retiree medical plan. 65% of future school retirees are assumed to participate in the dental plan. 90% of future Public Safety retirees are assumed to participate in the dental plan.
Investment Rate of Return	Pay-as-You-Go: 4% per year, net of investment expenses; Full Prefunding: 7.5% per year, net of investment expenses
Marital Status	80% of male employees and 60% of female employees are assumed to have a covered spouse at retirement. Wives are assumed to be three years younger than their husbands.
Pre-Age 65 Retirees / Post-Age 65 Retirees	Current retirees who are under age 65 are assumed to remain in their current medical plan until age 65. Current active employees who are assumed to retire prior to age 65 are valued with a weighted average premium. This weighted-average premium is based on the medical plan coverage of current retirees under age 65. Current retirees over age 65 remain in their current medical plan until death for purposes of measuring their contributions. It is assumed that future retirees are Medicare eligible. It is furthermore assumed that all current retirees over 65 will participate in the Medicare Supplement plan in the same proportion as current retirees over 65. Per capita costs were developed from the City developed monthly costs. Amounts to be received in the future for the Medicare Part D Retiree Drug Subsidy are not reflected in the valuation.
Termination Benefit	No benefits will be payable for termination prior to retirement eligibility.
Medical Plan Costs	The estimated gross per capita incurred claim costs for all retirees and beneficiaries for 2015 are based on current costs and age-weighted adjustments.
Annual Rate of Mortality	It is assumed that the pre-retirement and post retirement mortality for general employees and Teachers are represented by the MERS Class A assumptions for 2013. It is assumed that the preretirement and post retirement mortality for Public Safety employees are represented by the RP2000 Mortality Table with Blue Collar adjustment, projected to 2011 using Scale AA. For disabled general and Teacher members is represented by the MERS mortality assumptions for 2013. For Public Safety disabled retirees, it is represented by RP2000 Mortality Table with Blue Collar adjustment, projected to 2011 using Scale AA, set forward 1 year for males and 2 years for females.
