APPLICATION INSTRUCTIONS

2024-2025 Community Development Block Grant Program

City of Pawtucket, Rhode Island

Please find attached a 2024-2025 Community Development Block Grant (CDBG) application from the City of Pawtucket, Rhode Island. For the 2024-2025 program year (July 1, 2024 – June 30, 2025), the City of Pawtucket is anticipating approximately **\$1,650,000** in CDBG funding. To be considered for funding, all applicants should be mindful of the following:

1. The CDBG program is a federal program designed to improve the living environment for all community residents, but principally those residents of low and moderate income (see technical appendix for definition). As such, all applications should detail, to the greatest extent possible, how their program will benefit at least 51% low- and moderate-income Pawtucket residents.
2. Only certain activities are eligible for assistance under the CDBG program. Please consult the technical appendix for a summary of eligible activities. If you are unsure about your project's eligibility, please contact the Pawtucket Department of Planning and Redevelopment at the phone number and address shown below.
3. In addition to basic eligibility criteria, applications will be evaluated as to how well they meet identified community development needs (see technical Appendix E) and the extent to which they leverage other funding sources or collaborate with the services of other agencies.
4. All applicants must complete the standard CDBG application for funding consideration. Applicants should submit TWO (2) copies of the application along with an **original signature version** {THREE (3) in total}. Applicants may choose to respond in the space provided or submit a separate narrative of not more than five (5) pages. Signature pages in Appendix B & Appendix C are required. **IF POSSIBLE, PLEASE PRINT DOUBLE SIDED. Along with the copies and original signature version, we are requiring applicants to scan the application into a PDF and e-mail it to mgoudreau@pawtucketri.com**
5. The deadline for receipt of applications is: **WEDNESDAY, FEBRUARY 21, 2024, at 12 P.M.**
6. Applications should be hand delivered or sent in care of: Mark E. Goudreau, CD Program Manager, *2024-2025 CDBG Applications*, Pawtucket Department of Planning and Redevelopment, 137 Roosevelt Avenue, 1st Floor, Pawtucket, RI 02860.
7. Applicants who require assistance in completing the application should contact Mark E. Goudreau at the Pawtucket Department of Planning/Redevelopment at (401) 728-0500, Ext. 430, or TDD (401) 722-8239, mgoudreau@pawtucketri.com

I. **PROJECT ELIGIBILITY**

Check all statements that describe HOW this project or activity meets the Benefit to Low- and Moderate-Income Persons National Objective:

- L/M Area Benefit: My project meets the identified needs of L/M income persons residing in an area where at least 51% of those residents are L/M income persons. The benefits of this type of activity are available to all persons in the area regardless of income. Examples: street improvements, water/sewer lines, neighborhood facilities, façade improvements in neighborhood commercial districts.

- L/M Limited Clientele (Specific Group): My project benefits a specific group of people (rather than all the residents in a particular area), at least 51% of whom are L/M income persons. The following groups are presumed to be L/M: abused children, elderly persons, battered spouses, homeless, handicapped, illiterate persons. Examples: construction of a senior center, public services for the homeless, Meals on Wheels for elderly, construction of job training facilities for the handicapped.

- L/M Limited Clientele (Income Verification): My project will provide a service to populations other than listed above, and I will verify the income of each participant/individual served. (The City of Pawtucket will provide a HUD- approved income verification form.) **Each client assisted will need to fill out a CDBG Self-Certification form found on page 8 – If the proposed program cannot provide a form for each client, the program cannot receive funding.**

Project Category [Check One]:

- Public Service (i.e., a **new** service or an **increase** in the level of service)
- Public Facilities and Improvements (i.e., construction activity at a community center, construction parks and playgrounds, senior and health centers, street trees, sidewalks.)
- Acquisition, disposition and/or clearance activity
- Historic Preservation
- Economic Development

- Planning or design activity
- Administration related to management of the CDBG Program

II. PROJECT SUMMARY

All applicants must complete a project summary, which addresses each of the items listed below. Applicants may choose to respond in the space provided or submit a separate narrative of not more than five (5) pages.

- a. Describe how this project would address a specific need or a problem in the City of Pawtucket. How will the project meet a Consolidated Plan Strategic Priority need? **Please review Appendix E for stated priorities.**

Proposed Project Accomplishments

Please briefly describe proposed accomplishment(s) if funding is awarded: (Accomplishments must be described in terms of households served, people served, businesses created, housing units created, jobs created or public facilities undertaken. Example: This program will serve 250 LMI (Low Moderate Income) individuals or this program will create 20 jobs, etc.)

A. What is the total estimated number of persons to be served by this project?

B. What is the total estimated number of LMI persons to be served by this project?

C. What is the anticipated percentage of LMI persons to be served by this project?

III. PERFORMANCE EVALUATION CRITERIA

The U.S. Department of Housing and Urban Development (HUD) requires recipients of federal funds to assess the productivity and impact of their programs. In response, the City of Pawtucket has implemented a performance evaluation system. The system will help to quantify the effectiveness of programs and establish clearly defined outcomes.

Per HUD's requirements, all proposals must demonstrate how they would perform using this system should they receive funding.

For the purposes of preparing proposals, the City would like applicants to define as best they can the activities they propose to deliver and the number of those activities that will be provided. During the contract development phase, approved applicants will be assisted in refining the definitions and honing the projected number of activities to be delivered.

It is important that the expected outcome can be measured. In completing the Performance Evaluation System Form, provide one expected output that relates to the services you would deliver and one expected outcome that relates to the impact that program is expected to have on the Pawtucket community or person(s) benefiting from the activity. **Please quantify outputs and outcomes as much as possible.**

Projects & Programs should be SMART:

**S - Specific
M- Measurable
A- Attainable
R- Relevant
T- Time Bound**

Proposal Should Include Measurable Outputs and Clear Outcomes

- Provide the unduplicated number of families/persons who will benefit from the activity (output), and describe your method to keep track of that. – Select a method for tracking and ensuring only unduplicated and income eligible CDBG clients or communities are served. *(each client served must fill in and sign the "Self Certification form on page 7)*
- Include an assessment of the impact (outcome) on the individual clients addressed. – Develop key indicators or benchmarks that indicate progress
- Describe your method to track key CDBG demographic data and number of clients served; recording race/ethnicity and income level of client is important. *(each client served must fill in and sign the "Self Certification form on page 7)*

Carefully consider how you plan to manage collection and submittal of documentation to substantiate outcomes and grant payment requests.

V. ORGANIZATION CAPACITY

- 1. Provide an overview of your organization, including length of time in existence. Attach a list of current officers and board members with terms.**

- 2. Describe your organization's experience in successfully conducting this type of activity. Identify any skills, current services or special accomplishments that demonstrate your capacity for success.**

- 3. Identify the person(s) responsible for the program and financial management of the activity. Identify all other persons involved in this activity, noting whether these positions are current or new, pending this award.**

- 4. Identify any other agencies/partners in this activity and define the roles and responsibilities of these partners.**

- 5. Demonstrate that the proposed activity is economically feasible and can be implemented in a timely, cost-effective manner within the proposed program year.**

- 6. Oftentimes, projects that receive an award of CDBG funding are actually awarded less than the amount originally requested. This requires the submission of a revised budget and a description of how it will carry out the proposed activity with reduced funding prior to the commitment of any funding. Please indicate here whether your proposed activity could be undertaken with a reduced commitment of funding; and if so, please highlight how that would affect the scope of services you are proposing.**

VI. FINANCIAL

The City encourages CDBG funds to be utilized as gap funding. A gap is defined as the amount of funding necessary to run a program after all other funding sources have been identified, thus leveraging is very important in the application process.

Activity Budget

Please answer the following questions in the space provided. You may reference and attach an additional page if necessary.

- A. Complete the Budget Summary Chart. More detailed budgets may be attached (and are strongly recommended) in support of the proposal.
- B. Identify sources of leveraged funding (MATCH) for this activity. Include the status of these funds (i.e., cash on hand, grants received, planned fund-raising, etc.). Attach copies of funding commitment letters or other evidence of MATCH funding support.**
- C. Leverage – Consideration will be given to the amount of non-CDBG funds committed to the project.**

VII. CONSTRUCTION PROJECTS ONLY

Eligible Public Facilities activities include acquisition, construction, rehabilitation and American with Disabilities Act (ADA) modifications to a public facility. Public Facilities include senior and youth centers, domestic violence shelters, neighborhood facilities and childcare buildings. The City of Pawtucket recommends that agencies be expected to incorporate sustainable building technologies and standards, such as those in the Leadership in Energy and Environmental Design (LEED) Building Rating System, into their projects whenever feasible.

Priority will be given to public facility improvement projects that service low-moderate income residents and create jobs, increase energy efficiencies and/or expand educational and job training opportunities for low income residents.

All construction contracts in excess of \$2,000 will be subject to federal Davis-Bacon Wage Rates and Labor Standards provisions. No funds on the proposed project will be reimbursed to the applicant before an award or contract has been issued.

All contractors and sub-contractors working on the proposed construction project must be registered with WWW.SAM.GOV Please review the requirements of the registration process before putting projects out to bid. www.sam.gov

PLEASE NOTE THAT ANY COSTS INCURRED PRIOR TO THE AWARD AND ENVIRONMENTAL REVIEW PROCESS CANNOT BE REIMBURSED TO THE APPLICANT.

APPENDIX A

SUMMARY OF ELIGIBLE AND INELIGIBLE COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM ACTIVITIES

This is a summary of the activities that are eligible and ineligible for assistance under the Community Development Block Grant (CDBG) Program pursuant to the governing regulations of the Code of Federal Regulations, Title 24, Part 570, Sections 570.200-570.207. This summary is based upon the Final Rules published in March 1996.

General Policies –570.200

The primary objective of the CDBG Program is the development of viable urban communities, by providing decent housing and a suitable living environment, and expanding economic opportunities, principally for persons of low and moderate-income. Funds must be used so as to give maximum feasible priority to activities which will carry out one of the three broad national objectives of: benefit to low and moderate-income families; or aid in the prevention or elimination of slums or blight; or activities designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs. At least 70% of the total CDBG funds must be used for activities that benefit low and moderate-income persons; and at least 51% of the beneficiaries of individual activities must be low- and moderate-income persons.

ELIGIBLE ACTIVITIES*

Activities that are eligible for CDBG funding include, but are not limited to:

- Economic Development activities, including microenterprise assistance and lending for for-profit businesses;
- Public Services, such as employment assistance, crime prevention, substance abuse, child care, health care, transportation, fair housing counseling, etc.;
- Acquisition of real property;
- Clearance and Demolition;
- Rehabilitation of privately or publicly owned commercial, residential and industrial buildings;
- Housing Rehabilitation;
- Construction, reconstruction or installation of public facilities including, but not limited to, the creation of parks, playgrounds, streets and sidewalks, public buildings (except for building for the general conduct of government);
- Historic Preservation;
- Planning;
- CDBG Program administration cost;
- Related relocation, clearance and site improvements, and;

INELIGIBLE ACTIVITIES:

The list of activities that are not eligible for CDBG funding include, but are not limited to:

- Buildings used for general conduct of government;
- Purchase of equipment (if not part of an eligible program);
- Operating and maintenance expenses;
- General Maintenance and/or repair of public facilities and infrastructure;
- Payment of salaries for staff, utility costs and similar expenses necessary for the operation of public works and facilities;
- General government expenses;
- Political activities, and;
- New housing construction.

*Note: The eligibility of listed activities may be limited by additional regulatory conditions.

EVALUATION OF PROPOSALS:

The City will evaluate all CDBG proposals in a three-phase process:

1. The first phase will involve a review of the proposals by the staff of the Department of Planning and Redevelopment for conformance to the submission requirements and a determination of whether the proposals meet the minimum criteria established in this RFP. Each proposal will be reviewed for program eligibility under the regulations of the CDBG Program, and feasibility for implementation.
2. The second phase will involve an evaluation of the proposal merits by the staff of the Department of Planning and Redevelopment. During this phase, and at its discretion, City staff may conduct interviews with qualifying applicants and provide the applicant the opportunity to clarify their proposal and advise the city of any additional factors, which may be relevant.
3. The final phase will be a review of the applications and recommendations with the Mayor's Review Committee.

ELIGIBLE ACTIVITIES

Before preparing a request for funding, first determine whether or not the proposed activity or project is an eligible activity per federal regulations. The applicable CDBG regulations are located in these RFP instructions. This listing defines eligible and ineligible activities for the respective programs. If the proposal does not meet at least one of the three national objectives for CDBG funding, or is determined to be ineligible under other applicable CDBG regulations, the project cannot be considered for funding.

NATIONAL OBJECTIVES (FOR CDBG APPLICATIONS)

The primary objective of the CDBG program is to benefit low and moderate-income persons who earn at or below 80% of the median income and/or reside in census tracts with at least 51% low and moderate-income levels. Priority will be given to those applications that meet national objective #1 as stated below. Without exception, all CDBG program activities must meet one of the program National Objectives listed below:

1. National Objective 1: Principally benefits low and moderate-income persons who earn at or below 80% of the median income (Code of Federal Regulation citation 570.208(a).)
2. National Objective 2: Aids in the prevention or elimination of slums or blight (Code of Federal Regulation citation 570.208(b).)
3. National Objective 3: Qualifies as a certified urgent need (Code of Federal Regulation citation 570.208(c).)

Section 570.208 of the Code of Federal Regulations lists the criteria to determine whether a CDBG - assisted activity complies with the national objectives stated above.

SELECTION: RANKING CRITERIA FOR FUNDING PROPOSALS

Emphasis will be placed on applicants who meet or exceed the standards discussed in this section. For those providers who are proposing new or expanded programs, emphasis will additionally focus on capacity and exemplary past performance.

Staff will utilize the following criteria, in addition to HUD eligibility requirements and the City's Consolidated Plan priorities, in evaluating proposals submitted for CDBG funding:

A. IMPACT ON CONSOLIDATED PLAN PRIORITY NEEDS

The need for the proposed project will be determined by identifying how the project impacts upon the adopted Consolidated Plan Priority Needs. Therefore, applications must provide a clear explanation of how the project impacts upon Consolidated Plan Priority Needs. Greater consideration will be given to projects that provide a clear description of the project with supporting data and methodology of how the project will meet the Plan's Priority Needs.

B. BENEFIT TO LOW- AND MODERATE-INCOME PERSONS

The primary objective of the CDBG program is the development of healthy communities "by providing decent housing and a suitable living environment and expanding economic opportunities principally for persons of low and moderate-income." HUD requires that, at a minimum, 70% of the CDBG money be used for activities that benefit lower income people.

Projects are required to benefit low and moderate-income (LMI) persons and must be designed to include participation by such persons. A CDBG - assisted activity "benefits lower income people" if it meets any one of the four following tests:

1. The Housing Benefit Test for measuring lower income benefit.
 - Housing-related CDBG activities "benefit" lower income people only if occupied by low and moderate-income individuals and families.
 - In multifamily buildings (3 or more units), at least 51% of the units must be occupied by low- and moderate-income individuals and families.

2. The Job Creation or Retention Test for measuring lower income benefit. The business receiving CDBG assistance must justify that the assistance will benefit low and moderate-income individuals. There are two possible ways it can meet this claim:
 - At least 51% of the jobs created or "retained" by the business as a result of the CDBG assistance must be either filled by or "available to" low- and moderate-income individuals. Jobs are to be counted on a full-time-equivalent basis.
 - "Available to" means either: the job does not require special skills or additional education; or, the business agrees to hire someone and train them for the job. In addition, the business and city must try to ensure that low and moderate-income persons get first consideration for filling the job.

3. The Limited Clientele Test for measuring lower income benefit. Some CDBG - assisted activities are either facilities or services that, by their special nature, serve people who might frequently be lower income people. Examples include shelters for abused spouses, or senior citizen centers. HUD calls these "limited clientele activities". To determine whether one of these activities principally benefits lower income people, one of the following tests must be met:
 - Only lower income people are allowed to use the facility or service.
 - The activity requires users to provide information about their family income and size, and at least 51% of the users are lower income.
 - The activity is one that HUD "presumes" that 51% of the users are lower income. For example, HUD "presumes" elderly, handicapped, and illiterate people - among others - are lower income.

4. The Area Benefit Test for measuring lower income benefit. Many CDBG activities can benefit all people in an area, no matter what their income is. Examples include: street improvements, neighborhood facilities, and fixing the fronts of stores in neighborhood commercial districts. Such projects must meet the "area benefit test" if they are to be counted as benefiting lower income people. To meet this test, at least 51% of the residents of the "area" must be lower income.

In all cases, all applications scored under the low and moderate-income criterion will include review and scoring of the following:

- LMI benefit activity selected
- How LMI persons will be determined
- The absolute number of persons to be served
- The percentage of qualifying LMI persons to be served
- How the low and moderate-income persons will benefit

For the purpose of evaluating project applications, 51% of beneficiaries must be low and moderate-income.

Projects that cannot demonstrate 51% LMI benefit will not be funded.

C. PROJECT DESCRIPTION, PERFORMANCE EVALUATION CRITERIA & BUDGET

The content and soundness of all applicants' project design will be evaluated. This evaluation shall include a review of proposed project activities set forth in the narrative and the budget to support these activities.

Several factors will be considered when reviewing a project's budget. All budget reviews will include, but not be limited to, the following considerations:

- Methods used to derive cost estimates
- Completeness and date of cost estimates
- Relationship between cost and the activities to be undertaken
- Cost per unit, if applicable
- Other items deemed relevant to success of the proposed activities

D. CAPACITY

Project sponsors must demonstrate the ability to carry out the proposed activities. Project sponsors will be evaluated on experience, administrative capacity, and financial management.

Consideration will be given to current providers with exemplary performance records. Exemplary performance is defined as: receiving a high score in performance evaluations conducted by the Department of Planning and Redevelopment and consistently meeting or exceeding the accomplishment goals established for the CDBG - funded activities.

E. LEVERAGE

Consideration will be given to the amount of non-CDBG funds committed to the project. The greater the financial support or leveraging from local and other sources, the greater the potential impact that CDBG funds will have on meeting local community needs. Documentation must be provided with the application to verify the availability of leverage resources.

F. OTHER APPLICATION FACTORS

Applicants are encouraged to develop a program that has a substantial and comprehensive effect on the needs and conditions identified in their application. These qualities will be carefully evaluated in the review of your application using the evaluation criteria presented on the CDBG Proposal Application Evaluation Worksheet found in these instructions.

It is strongly recommended that you consider these factors before preparing your application, as they are the same factors that will be used to judge the overall feasibility of your proposal.

Evaluation of Proposals

CDBG funds are awarded through a competitive proposal evaluation process. The evaluation considers all aspects of the proposal as described in the RFP and proposal application.

Proposals are reviewed by City staff who first review each application for threshold information [completeness of application] and then for content. City staff review each application, ranking them using the City's application evaluation worksheet. Should a question arise during its review, the City reserves the right to contact the applicant for clarification. The results of those evaluations are then presented to the Mayor's Review Committee that renders the final decision on awards.

While a well-written proposal is no guarantee of funding, this is a highly competitive process where the completeness, conciseness, and responsiveness to the criteria described in the RFP is of the utmost importance.

Please contact the City of Pawtucket's Department of Planning and Redevelopment at (401) 728-0500, Ext. 430, should you have any questions concerning this process or the application itself.

All completed proposal applications are due without exception on **Wednesday, February 21, 2024, no later than 12 p.m.** There are no exceptions.

APPENDIX B

Statement of Applicant

The undersigned acknowledges the following:

1. That, to the best of its knowledge and belief, all factual information provided is true and correct and all estimates are reasonable.
2. That no revised proposals/applications may be made in connection with this application once the deadline for applications has passed.
3. That the City of Pawtucket may request or require changes in the information submitted and may substitute its own figures, which it deems reasonable for any or all figures provided. That the applicant will participate in required public meetings and may be called in for an interview for project assessment.
4. That, if the project(s) is recommended and approved by the Mayor, the City reserves the right to reduce and/or cancel the allocation if federal entitlements are cancelled, reduced or rescinded.
5. The City of Pawtucket reserves the right not to fund any proposals received.
6. By submission of this application, the organization agrees to abide by the federal regulations applicable to this program.
7. That, if the project(s) is funded, the organization agrees to abide by the City's locally established policies and guidelines.
8. That past program and financial performance will be considered in reviewing this application.
9. That services are to be provided at no cost to citizens during the grant period. All program income (i.e., fees, repayments, foreclosures, etc.) must be remitted to the City.
10. That, if the project(s) is funded, the City or a designated agency may conduct an accounting system inspection to review internal controls, including procurement and uniform administrative procedures, prior to issuance of payments for projected expenditures.
11. That, if the organization's project(s) is funded, the City will perform an environmental review prior to the obligation of funds.
12. That, if a project is funded, a written agreement that includes a statement of work, records retention and reporting, program income procedures, local and federal requirements, circumstances that would trigger grant suspensions and terminations and reversions of assets would be required between the organization and the City.

13. That a project's funding does not guarantee its continuation in subsequent action plans.
14. Provide written signatory authority from the organization's governing body indicating who can execute contracts and amendments on its behalf.
15. Agree to abide by the City of Pawtucket's Conflict of Interest policy. Items of concern would include staff members serving on Board of Directors, staff members' families serving on Board of Directors and other matters that may give the appearance of a conflict of interest.

PENALTY FOR FALSE OR FRAUDULENT STATEMENT
